COAL MINERS' CONTRACT UP FOR SCRUTINY

NO PROGRESS MADE TO END AIRLINE WALKOUT

(By The Associated Press)

John L. Lewis' implied threat of a pre-election walkout of 400,000 AFL soft coal miners aroused the interest of the justice department Friday and held the attention of President Truman's cabinet.

Elsewhere along the labor front, the CIO Marine Engineers put pressure on the U. S. Maritime commission to enforce on its vessels on the East and Gulf coasts an agreement the union reached with Eastern and Gulf shipowners, and striking AFL Airline Pilots turned down a suggestion they return to their Trans World Airline jobs pending negotiations.

Attorney General Tom C. Clark disclosed his office was making a careful scrutiny of the government's coal contract which Lewis says he will void next Friday unless negotiations are started on new wage-hour demands.

Strike Seems Inevitable

The Federal Coal Mines Administration has taken the position that the contract must run for the period of government operations of the mines and can not be legally reopened. Secretary of Interior Krug has offered to talk with Lewis about the present contract but not about a new one.

Even if negotiations are reopened by Nov. 1 the possibility of a strike still remained if an agreement can not be reached on demands. The government seized the mines last July to end a 59-day strike and has been operating them since.

Secretary of War Patterson told newsmen, in response to questions, that the coal situation was brought up at the cabinet meeting and that it was said the matter was in the hands of Secretary Krug.

While the AFL Masters, Mines and Pilots union awaited a reply from Eastern and Gulf shipowners on their newest proposal for ending their 25 day old shipping strike, the other union involved, the CIO Marine Engineers, adopted a surprise strategy. The CIO said it would withhold announcing ratification of its agreement with Eastern and Gulf coast operators until the terms were applied to the government's vessels on these coasts.

Government Seizure Urged

Frank Douglas, chairman of the National Mediation Board, reported "no progress" after separate meetings with David L. Behncke, president of the AFL Pilots Association, and Jack Frye, Trans World president, in which Behncke rejected Douglas' suggestion the pilots return to work pending further talks.

Douglas said he planned to meet with Frye again Saturday morning in an attempt to end the five-day walkout. There was a revival of talk that the government might seize and operate the Line, and the magazine Aviation News said the Military Pilots Association, composed of ex-army and navy fliers, had expressed a willingness to fly TWA's planes. The MPA has protested the seniority system built up by the pilots' union.

Other Labor Developments:

The CIO transport workers union and the Columbus and Southern Ohio electric company agreed to arbitrate differences over wages and other matters ending a 25-day old streetcar and bus strike in Columbus, O.

The AFL Teamsters union called.

Frauleins Provide GI With Lovenests In Old Heidelberg

BY J. W. DAVIS

Washington, Oct. 25 (AP)—The army confirmed today that some soldiers in Old Heidelberg are not just looking at the scenery—they are being entertained by "many girls."

The ancient German city, situated on the south bank of the Neckar River, for centuries has been catering to tourists and university students.

Now, it seems from an official war department report, frauleins are practicing their hospitality on soldiers attached to the American Third Army of occupation.

An article in the soldier newspaper Stars and Stripes, headlined "Reports Frauleins Hide in Heidelberg Love Nests," last month prompted an army investigation. The war department reported on it today.

A board of nine army officers said parts of the story were correct. They called it misleading, however, and said it did not present a true picture.

German police chief Hillengass was authority for the report that "many girls have rooms and are entertaining soldiers in them."

He added that "moral conditions are naturally lower than they were prior to the war."

But this is only to be expected, he said, in an overcrowded city which is an army headquarters as well. Hillengass figured there are 2.35 persons for each room in the city.

Hillengass said few if any soldiers are maintaining girls in their own rooms. He said officers do have rooms but could not say about them "since the German police are not permitted to check them."

KILLING LINKED TO ILLICIT LOVE

Superior Pair Sentenced For Adultery; Girl, 12, Admits Slaying Dad

Superior, Wis., Oct. 25 (AP)—A mother and a 28-year old man were sentenced on adultery charges in Superior court today after Assistant Dist. Atty. Douglas Moodie declared their "illicit love affair" was one of the indirect causes of the father's slaying, which Moodie said had been admitted by the father's 12-year old daughter.

Mrs. Irene Lind, 32, mother of 12-year old Janet and Tony Galaski, 28, of Dairyland, Wis., pleaded guilty to adultery charges. Each was sentenced to one to three years.

Earlier today, Mrs. Lind was sentenced in municipal court to a one year term after she pleaded guilty to a charge of contributing to the delinquency of a minor.

Dist. Atty. Andrew Borg said he would present a petition in juvenile court next week, alleging the girl killed her father with a .22 caliber rifle while he slept in his home Oct. 17.

Borg said the daughter had admitted in a statement she killed her father, Clifford, 39, because "she thought it would make mama happy."

Moodie said the mother and Galaski had been "carrying on for five months, spending nights in Superior and Duluth hotels." He said they had met in a tavern.

Mrs. Lind, Janet and Delores, 14, another daughter, together with Galaski, submitted voluntarily to lie detector tests at St. Paul, Charles J. Tierney, police chief there, said the tests indicated Janet had fired the gun which killed Lind. The test absolved the others from complicity in the shooting, Tierney said.

Suspicious Buyers Choosy On Meats

Detroit, Oct. 25 (AP)—Customers are reluctant to buy reasonably priced cuts of meat that were virtually unobtainable a week ago, puzzled butchers reported today.

"People are shopping now as they never shopped before," said one of them from behind his loaded showcase. "In many cases they will walk out on meat reasonably priced—they are that suspicious."

Retail meat dealers claimed that, with an increase in supplies, prices are at near OPA levels plus the amount of the discontinued federal subsidies.

CANYON CRASH FATAL

Martinez, Calif., Oct. 25 (AP)—Charles M. Mickelson, 30, of Oakland, Calif., was fatally injured at the steering wheel of a towed Greyhound bus today when the tow chain broke loose on a downgraded and the heavy vehicle careened 175 feet from highway to canyon floor. Mickelson's bus was being towed after it had been involved in an earlier accident.

GIRL CONFESSES KILLING FATHER—Janet Lind, 12, is comforted by her sister Delores, 14, after the younger girl is said by local police to have confessed fatally shooting her father, Clifford Lind, 39, while he slept in the family home, Superior, Wis., October 17. Janet is said to have claimed that her father mistreated her mother, and she wanted "to make her mother happy." (NEA Telephoto.)

Controls On Charge Accounts Scheduled To Be Lifted Soon

Washington, Oct. 25 (AP)—Mariner S. Eccles, chairman of the Federal Reserve Board, disclosed today that controls on charge accounts and eliminating many other restrictions. The regulations thus apparently marked for early abandonment include:

1. The requirement that cash finance certain purchases, and for repayment in a lump sum, must be repaid within 90 days.

2. The rule that certain goods bought on charge account at a store must be paid for within 40 to 70 days.

3. The provision that the down payment on most items bought on the installment plan must be at least one-third of the price, and the payments must be completed within a year and must be at least \$3 a month.

This third rule would be continued on major durable goods, under Eccles' proposal, but be removed in the case of other goods, such as clothing.

Eccles mentioned no time for the relaxation of the credit controls but the action probably would be taken after the Christmas buying rush and before Congress meets in January.

Some clothing and many industrial products are next in line for decontrol, C. Dean McNeal, deputy price chief reported, along with small radios, some linens and scores of other items.

Price ceilings were removed today from stepladders, optical goods, electronic equipment kits, outboard motors, non-electrical food choppers and juicers, lanterns, and kitchen knives and forks.

Washington, Oct. 25 (AP)—The government cleared the way today for return of the full-sized loaf of bread, revoking the order which reduced the sizes of loaves 10 per cent last winter to save grain for famine relief.

The effect on prices appeared uncertain. With ceilings off now, bakers would be free to charge more for a bigger loaf if they see fit to do so.

In communities where local ordinances governing the size of loaves were suspended by the government regulation, the full-size loaves will be back on the grocers' shelves immediately. Elsewhere it will be up to the bakers whether they go back to the old size or continue the present size loaf.

The agriculture department said the order was ended both because of President Truman's policy of speeding the end of government controls and because the supply of grain is more plentiful.

The president said a few weeks ago that steps to save food would have to be continued because of continued need abroad. His statement was made, without going into details, in a letter to congress accompanying the quarterly UNRRA report.

PUPIL KILLS HIMSELF

Summit, N. J., Oct. 25 (AP)—Sent home from school today after an argument with a woman teacher in Junior high, 14-year-old Harry E. Smith, Jr., killed himself with a bullet in the head fired from a .32 calibre revolver he had taken from a valuable firearms collection belonging to him and two older brothers, Detective Frank Van Tronk said.

Fellow-Divers, Unaware That Captain Davenport had a radar screen before him, were heard by the ships dispatcher at the Soo cussing over their radios at "the fool" who risked his life and theirs in such weather.

The Ferbert is operated by the Pittsburgh Steamship Co. of Cleveland.

Quadruplets Born To Bronx Mother; Three Babies Live

New York, Oct. 25 (AP)—A 29-year old, 113-pound mother, Mrs. Lillian Hauptman of the Bronx, gave birth to three boys and a girl today, but one of the boys died an hour and a half after delivery. The three survivors were given an even chance to live.

The first child, the girl, was born at 7 a. m., and the others followed at five-minute intervals. They were immediately placed in incubators. Dr. George J. Berson, chief obstetrician of Sydenham hospital, who delivered the babies, estimated each weighed about three pounds.

Although saddened by the loss of one of the infants, both mother and father, Abraham, 31, a chemist, were "doing well," Berson said.

LUMBER DUTY IS LIFTED TO HELP HOUSING

MOVES TO RELIEVE BUILDING PINCH COME TOO LATE

BY STERLING F. GREEN

Washington, Oct. 25 (AP)—In twin moves to relieve the housing shortage, President Truman today authorized importation of lumber duty-free, and Wilson Wyatt recommended \$54,000,000 in federal loans for makers of prefabricated homes.

The actions came as it became clear that housing expediter Wyatt would fall slightly short of his 1946 goal of 1,200,000 new dwellings started. Officials said, however a major effort would be made to get a flying start on the 1947 target of 1,500,000.

Political Trick Seen

But Republican National Chairman Carroll Reece saw Mr. Truman's move as a political one. In a statement, Reece said:

"Considering the fact that the building season in many parts of the country has about ended for the winter, it may be that Mr. Truman's order is designed to have more effect upon the construction of political fences than the construction of houses."

Wyatt announced a "premium payment" subsidy of \$20 a ton for extra production of nails, a prime building bottleneck. Nail producers had pledged, he said, to boost their output nearly 25 per cent by December.

The president issued a proclamation declaring an emergency and authorizing Secretary of the Treasury Snyder to permit temporarily the importation of scarce timber, lumber and lumber products duty-free for housing construction.

The waiver will apply to any such products certified by Wyatt. A National Housing Agency spokesman said the housing chief would send a list of specified forest products to Snyder at once.

Canadian Imports Cut

The duty-free privilege will affect mainly imports from Canada. The flow of Canadian lumber was jeopardized in July by the revaluation of the Canadian dollar. This action cut the revenue of dominion lumber men by 10 per cent on sales to the United States, and made it likely that much of the 1,000,000,000 board feet imported by this country annually would go elsewhere.

The NHA spokesman said he believed the White House order would apply not only to the 50-cent per 1,000 board feet import duty but to the \$1.50 revenue tax. The proclamation will remain in force until the emergency housing act expires Dec. 31, 1947 or until the president declares the emergency at an end.

Wyatt ran into a brickwall of opposition, however, from the War Assets Administration in his effort to get the huge, government-owned Dodge plant in Chicago turned over as surplus to the Lustron Corporation, for the manufacture of assembly-line homes. The War Assets Administration, which agreed to lease the plant to the Tucker Corporation, a new automobile firm last month, refused to set aside that lease.

The issue tonight seemed headed for Attorney General Tom C. Clark for decision. An acrimonious meeting between housing and WAA officials ended without agreement. Wyatt's aides said he would serve a formal order upon the surplus agency, which in turn is expected to appeal to the attorney general for a formal legal opinion.

Homes Stand Unfinished

Unless the attorney general rules in favor of Wyatt and the Lustron Corporation, WAA has announced it will stand pat on its

Quadruplets Born To Bronx Mother; Three Babies Live

New York, Oct. 25 (AP)—A 29-year old, 113-pound mother, Mrs. Lillian Hauptman of the Bronx, gave birth to three boys and a girl today, but one of the boys died an hour and a half after delivery. The three survivors were given an even chance to live.

The first child, the girl, was born at 7 a. m., and the others followed at five-minute intervals. They were immediately placed in incubators. Dr. George J. Berson, chief obstetrician of Sydenham hospital, who delivered the babies, estimated each weighed about three pounds.

Although saddened by the loss of one of the infants, both mother and father, Abraham, 31, a chemist, were "doing well," Berson said.

Peninsula Youths On Parole Caught By Chicago Police

Chicago, Oct. 25 (AP)—Police captured two youths on parole from the Boys' Vocational School at Lansing, Mich., today after a two mile automobile chase and a race through alleys and backyards on Chicago's near North side.

Sgt. Timothy O'Connell said the youths, Donald C. Crowscher, 16, of (16 Sherman Ave.) Marquette, Mich., and Alfred Groleau, 15, of (114 North 21st St.) Escanaba, Mich., told him they stole the car in which they were riding, in Theresa, Wis.

Rogge Gets Fired For Talk On Plot To Beat Roosevelt

Washington, Oct. 25 (AP)—Attorney General Tom C. Clark announced tonight he had dismissed O. John Rogge as a special assistant to the attorney general as a result of a recent speech linking several Americans with alleged Nazi efforts to defeat President Roosevelt.

In a letter to Rogge, Clark said it "appears that you willfully violated the long-standing rules and regulations" of the department of justice.

Drug Streptomycin Slows Tuberculosis

New York, Oct. 25 (AP)—Experiments with the new drug streptomycin so far indicate that in many instances it slows the rate of progress of tuberculosis, Dr. Chester S. Keefer, physician-in-chief of Massachusetts General hospital, told the Association of Life Insurance Medical Directors today.

The tests in tuberculosis began about a year and a half ago, but it probably will be five years more before any effectiveness of the drug against tuberculosis can be assessed with confidence, he said.

Surgeon Slays Wife And Mother-in-Law, Shoots Son, Suicides

BY ALLAN FISHER

Garden City, N. Y., Oct. 25 (AP)—Dr. Frank H. Lasher, nationally famed as a surgeon, was so concerned over a neurological illness which had cut short his son's medical studies he killed his wife and mother-in-law today and shot his son before committing suicide, authorities said.

District Attorney James N. Gehrig attributed the shooting to Lasher, a practicing surgeon for 40 years, head of Brooklyn hospital's nose-throat-ear division, and for more than 20 years a member of the staff of Brooklyn eye and ear hospital.

Gehrig said the 63-year-old doctor, using a .22 calibre rifle of his son, Douglas, 21, shot the youth in the chest, mortally wounding his wife, Gladys, 50, and her mother, Mrs. Emma Bryan, 75, and then pumped bullet after

bullet into his mouth.

The shooting occurred at the Lasher's two-story, white stucco home in an exclusive residential section of Long Island.

Police were unable to question Lasher. Fellow surgeons lashed to save his life at Meadowbrook hospital in Hempstead but he succumbed less than eight hours after the shooting without gaining consciousness.

The story was pieced together by Gehrig and his assistant, David Hohman, through questions answered by Douglas at Nassau hospital in Mineola. He is expected to recover.

Douglas said his father seemed normal when he came home last night and all four members of the family played bridge.

But in the morning, Douglas awoke to find his father standing over him with the rifle. Without a word Lasher fired and Douglas leaped from the bed and ran past him.

He saw the body of his mother on the kitchen floor but did not stop until he reached the home of a neighbor.

Police found the body of the mother in the kitchen. Mrs. Bryan's body was in an upstairs bedroom. Both women had been shot in the head.

Lasher was sprawled on the stairway. The gun was a pump-action rifle and police said he apparently had fired it three more times after the first shot entered his mouth.

Gehrig described Douglas as a youth who seldom left his home and spent much of his time in bed. The district attorney said Douglas was discharged from the Navy in 1944 because of a nervous disorder.

He was a medical student at Cornell University at the time. Before being drafted into the Navy he had been a pre-medical student at Williams college.

RUSSIANS DROP FIGHT ON VETO

New Spirit Of Agreement Shown At Meeting Of United Nations

BY FRANCIS W. CARPENTER

New York, Oct. 25 (AP)—Soviet Russia, displaying a new spirit of agreement, abandoned today a bitter battle to prevent a complete airing of the politically-hot veto question in the United Nations assembly.

Shortly afterwards, the United Kingdom, first of the great powers to speak out since the general debate began yesterday, attacked Russia for her "reckless use" of the veto in the security council.

Developments in the action-packed U. N. day were:

1. Soviet Russia withdrew all opposition in the assembly's steering committee to five items proposed for the agenda, three of them affecting the veto right of the five great powers.

2. The United States backed down from its demand that the veto question be given top priority in the assembly debate.
3. The United Kingdom warned that if the "reckless use" of the veto is continued the United Nations security council "very soon" will be discredited.

4. Argentina demanded that the veto be discarded; India spoke for the unity of the great powers, and Venezuela urged restriction of the veto power.

The assembly will convene again tomorrow at 10 a. m. C. S. T., with Chile, Norway, Lebanon, and Turkey scheduled to be heard in the general debate.

Two Percy Jones Hospital Patients Held For Robbery

Ann Arbor, Mich., Oct. 25 (AP)—Two Army privates, both Percy Jones hospital patients from Battle Creek, were arraigned in Municipal court here yesterday on robbery armed charges.

Pvt. Connelly Rich, 18, Phoenix, Ariz., waived examination and was remanded to the Washtenaw county jail in lieu of \$1,000 bond, and Pvt. Forrest Wilcox, 19, Mevin, demanded examination and was released under \$500 bond.

The two privates were charged with robbing Cpl. R. E. Sapp, 25, of Fort Custer, whom they had picked up as a hitch-hiker.

Assistant Prosecutor Jack Dulgeroff said Pvt. Rich had admitted hitting Sapp on the head with a wine bottle and taking \$15 from his wallet before throwing him from an automobile.

ACTION BEGUN ON ATROCITIES BY U. S. COURT

WIERD EXPERIMENTS KILL HUNDREDS OF THOUSANDS

BY DONALD DOANE

Nuernberg, Germany, Oct. 25. (AP)—Indictments charging murder of "hundreds of thousands of human beings" by euthanasia and brutal medical experiments were filed today against 23 German doctors held for action by special American military courts.

The medical experiments were performed upon inmates of Nazi concentration camps. The euthanasia program was aimed at eliminating "useless eaters"—the crippled, the incurably ill and the insane—among the German people.

Trials To Take Year

The doctors will be brought to trial next month in the first of a series of war crimes prosecutions which Brig. Gen. Telford Taylor said would result in the arraignment of between 250 and 500 former Nazi military, industrial, financial and government leaders.

The indictments, signed by Taylor, U. S. chief of counsel for war crimes, were filed with the zonal tribunal set up by the American military government to handle prosecution of major German war criminals.

The trials are expected to last through 1947. No four-power participation is involved, such as in the recent trials of the 22 top Nazi leaders by the international military tribunal.

Taylor told a news conference that officials of I. G. Farben, huge chemical and industrial combine, and "someone" from the Krupp munition works would be among the defendants. He said Friedrich (Fritz) Thyssen, pre-war armaments and munitions head, is "under study like anyone else" but other official sources indicated Thyssen would escape trial because he was not in Germany during the war.

Realities Described

Among the indicted doctors were Karl Brandt, one of Hitler's personal physicians, and a woman, Herta Oberhauser, a physician in the Ravensbruck concentration camp. All are charged on three counts: Conspiracy to commit atrocities; participation in war crimes against enemy nationals; participation in crimes against humanity involving German civilians and nationals of occupied countries.

Ten are accused also of belonging to the SS (elite guard) which was found by the international military tribunal to be a criminal organization.

The 18-page indictment alleged the doctors performed such experiments as these on their victims:

- Deliberately inflicting wounds and infecting them, then forcing ground glass or wood shavings into the wounds to aggravate the infection in order to test the effectiveness of sulfa drugs.

TAX DIVERSION PLAN ATTACKED

Institute Takes Stand Against Amendment On Nov. 5 Ballot

Lansing, Oct. 25. (AP)—The Michigan Institute of Local Government today unanimously went on record opposing the sales tax diversion amendment before the voters at the November 5 election.

The institute voted to take a stand against the proposal on a motion by Clarence E. Paddock, of Charlotte, president of the State Association of County Treasurers, who declared that the amendment was a means "to correct the ills of a few 15 mill cities by amending the state constitution."

The institute, headed by State Treasurer D. Hale Brake, is made up of representatives of the State Association of County Supervisors and the state organizations of county officers.

Louis Weber, of the Michigan Public Expenditure Survey, told the institute that the school group, led by the Michigan Education Association, had been "confused" into supporting the proposal which would return one-third of the state sales tax to schools and local units of government.

"If the amendment passes the schools will be worse off than if they took their chances with legislative appropriations," he declared.

He charged that the return of sales tax monies to cities on a per capita basis would result in inequalities among the cities. "It wouldn't solve the problems of the 15 mill cities and the well-to-do cities would have more than enough money but still would probably not cut local tax rates."

Brake told the group that if the amendment were approved it would mean a "serious revolution in state finances" and would necessitate other forms of taxation—perhaps the return of the state real estate taxes or special taxes to support the University of Michigan and Michigan State College.

(Continued from Page One)

ed a strike affecting Pennsylvania's entire brewing industry as the result of a jurisdictional dispute with CIO United Brewery Workers.

White Collar Workers ended a 24 day old strike at the Huntington, West, Va., plant of the International Nickel company under a truce proposed by Gov. Clarence W. Meadows, but the union involved, the CIO United Steelworkers, charged that 30 of the strikers subsequently were discharged. Sub-regional director Raymond A. Guley said the company accused them of "unlawful picketing" and added "it will make it impossible for us to continue our 30 day truce if that situation continues."

President Truman ordered an emergency board created to investigate a dispute between unions and 23 short line railroads which balked at an 18½ cents hourly pay raise granted generally to non-operating rail workers. Originally 47 short lines opposed the agreements but settlements have been reached in all but 28 cases.

Dodgers President Refuses To Accept Coach's Resignation

Brooklyn, Oct. 25 (AP)—President Branch Rickey of the Brooklyn Dodgers today refused to accept Charley Dressen's resignation as coach of the National League club.

In a statement regarding Dressen's announcement yesterday to the effect that he had severed his connection with the Dodgers, Rickey said:

"Dressen and I had a conference last September 16 in which we agreed that Charley was to remain as a coach for the next two years. We also had a verbal agreement that I would not consent to his release unless he were offered a major league manager's post."

"In other words," the Dodger leader continued, "we agreed that Charley would not be released for the purpose of becoming a minor league owner, executive, manager

or any major league position outside of a manager's job."

It is generally believed that Dressen quit his Brooklyn post to accept a position either as manager or coach of the New York Yankees.

Stolen Government Property Found In Tucson, Ariz. Homes

Tucson, Ariz., Oct. 25. (AP)—Raiding parties of FBI agents, soldiers and city and county officers swept through the city early today, seizing thousands of dollars worth of allegedly stolen government property in scores of private homes.

The number of persons involved in the purported thefts was not disclosed. It was said a week to 10 days would be needed to appraise the value of the recovered property.

Agents said most of the persons in whose homes the property was found were employees or former employees of the Davis-Monthan Army Air Field.

Eben News

Eben, Mich.—The Junior class play "Going On Seventeen" which was to have been presented on the evenings of Oct. 24 and 25 at the United Co-Op Hall, has been postponed indefinitely due to the illness of a member of the cast, Elaine Ross. The matinee was shown on Wednesday afternoon according to schedule and was well liked by the audience.

Mr. and Mrs. Jack Lintula have returned from a motor trip to Brooklyn, New York, where they visited friends and relatives. They were accompanied back by Mr. and Mrs. Jacob Maunula, of Brooklyn who will spend the winter here with them. They are the parents of Mrs. Lintula.

On Tuesday evening, October 29 at eight o'clock, there will be a Milk Producer's Meeting at the Eben high school. George McIntyre will give a talk and present slides on Fast Milking. There will be motion pictures on More Milk. A free lunch will be served.

Mrs. Lydia Heribacka, 70 of Rumely, died in St. Luke's hospital at 12:15 Tuesday morning after ten weeks illness. Mrs. Heribacka was born in Finland June 18, 1876, and had lived in Rumely for 32 years. She was a member of the Finnish Apostolic Lutheran church of Eben.

Besides her husband, she leaves two daughters, Mrs. Lempi Niemi, of Sundell, and Mrs. Bern Maloney, of Chicago, and four sons, Matt, Jr., of Eben, Andrew of Kent City, Richard of Rumely and Herman of Detroit. A sister lives in Pennsylvania. There are 11 grandchildren and two great-grandchildren.

The body is in the Swanson Funeral home and will be taken to the Finnish church in Eben on Friday. Funeral services will be conducted there on Friday at 1 p. m. with the Rev. August Wiig, Negaunee, officiating. Burial will be made in the family lot in the Negaunee cemetery.

Mayor Forged His Welfare Official

Chicago, (AP)—Mayor Edward J. Kelly opened a recent news conference by introducing an out-of-town newsmen.

He presented, in turn, reporters who regularly cover the city hall. But when he reached the last man, he seemed unable to recall his name or newspaper connections.

"Mr. Mayor," the gentleman prompted, "I'm your commissioner of public welfare."

or any major league position outside of a manager's job."

It is generally believed that Dressen quit his Brooklyn post to accept a position either as manager or coach of the New York Yankees.

BULGARIA VOTES ON GOVERNMENT

Issue Of Fair Election Brought Up By U. S. Aired In Papers

BY GRAHAM HOVEY

Washington, Oct. 25 (AP)—A new American plan designed to prevent any tampering with Bulgarian elections returns was blocked today by a Russian representative.

The development brought a fresh cloud upon American relations with Russia just as the atmosphere had cleared somewhat over an earlier dispute.

The brief improvement in relations occurred when Bulgarian newspapers published American objections that the present balloting plans would not make for a free election Sunday. The United States had accused Russia of blocking the publication in Bulgaria of these objections.

Believing the present election plan discriminates against parties opposing the Communist-dominated fatherland front, the United States submitted a proposal to the Allied control commission in Sofia designed to insure the honesty of the vote count.

The state department announced, however, that the Russian member of the commission, Col. Gen. Sergei S. Biryusov, had blocked action on the plan by refusing to commit himself on it. To be put into effect, it would need unanimous approval of the American-British-Russian commission.

Biryusov had objected strongly to a previous American plan also aimed at guaranteeing a free election.

Publication by the Bulgarian newspapers of American views came 48 hours after the United States had accused Russia of suppressing these views, and had begun to beam them into Bulgaria by short wave on the state department's "Voice Of America" broadcast.

Sherman Hotel Fire Halts Loop Traffic; Loss About \$10,000

Chicago, Oct. 25 (AP)—A fire in an elevator shaft at the Sherman hotel caused an estimated \$10,000 damage and tied up traffic in Chicago's loop briefly during the late afternoon traffic today.

Chief Deputy Fire Marshall Anthony Mullaney made the damage estimate and said the fire apparently started in the shaft near the first floor and swept up, confined in the shaft, as high as the 15th. Cause of the blaze was not known.

No one was reported injured. Some guests made their way to street level via outside fire escapes after hearing and sighting fire engines which jammed Randolph street adjoining the hotel after an extra alarm was sounded.

RENT CONTROL CHIEF NAMED

Louis J. Gregory Of Ironwood Given Position

Lawrence L. Farrell, Michigan district director, Office of Price Administration, announces the appointment of Louis J. Gregory of Ironwood as Area Rent Director of the Upper Peninsula with offices at 137 West Washington street, Marquette.

Gregory, formerly district enforcement attorney at Escanaba, and more recently chief enforcement attorney of the Automotive and Lumber sections at the district office at Detroit, has been with OPA since February 1943. A graduate of Detroit University Law College, he was admitted to the Michigan Bar at Lansing and entered general practice at Ironwood in 1933.

Rent control will go into effect on November 1 in Marquette, Gogebic, Houghton, Dickinson, Delta and Chippewa counties.

Meanwhile, William C. Haines, Michigan District Rent Executive, pointed out that under the Act of Congress governing the OPA rent regulations all premises offering accommodations for rent must be registered with the rent offices at the local price control boards in any of the six counties, either in person or by mail during the 45-day registration period from November 1 to December 15.

Registration, which is obligatory, includes all housing accommodations such as: hotels, rooming houses, trailer camps and rooms in private homes rented singly or shared. Failure to comply with rent regulations is punishable under the law. Registration forms may be secured at the local board either in person or by mail.

Rents in five counties will be frozen at the January 1, 1946 level. In Chippewa County, formerly under rent control, rents must be rolled back to the original freeze date, March 1, 1942 level, in accordance with the provisions of the regulations governing rent-controlled rental areas. Provisions, however, have been inserted in the regulations for adjustments, and landlords who meet eligibility requirements will be granted increases.

Grand Marais

Grand Marais, Mich.—Miss Sadie Mattson who spent a few days here visiting friends has returned to Glencoe, Ill.

Elmer Peterson Jr. is visiting relatives in Munising.

Mrs. Stella Laramie and Lawrence Laramie have gone to Iron Mountain, Mich.

Mr. and Mrs. R. W. Dunn who spent the summer here have returned to Addison, Mich.

Mrs. Charles Chilson is visiting relatives in Saginaw and Big Rapids.

Mrs. Milton Touzel and daughter Patsy were Munising visitors Saturday.

Herman Ottenhoff was a business caller Monday at Munising.

Mr. and Mrs. Alfred Lundquist have returned home after spending a week visiting friends in Lower Michigan. Mr. and Mrs. Frank Lundquist made the trip with them.

Mr. and Mrs. Albert Grasser and family have returned from Osceola, Mich.

School Notes
The seniors were in charge of an assembly program given Friday at the high school.

In a quiz contest conducted by the seniors the sophomore class won a cash prize and Wallace Hill won as the individual student answering most of the questions. There was group singing and solos by River Ostrander and Barbara Bugz. The next assembly will be in charge of the juniors.

Church Service
Church services were held in the Finnish Lutheran church Sunday. Rev. Tamminen of Newberry was the pastor. Following services an afternoon coffee social was held which was given by Mrs. Charles Mattson and Mrs. Alfred Kangas.

Grand Marais, Mich.—Mr. and Mrs. Sayre Ostrander are the parents of a 9 and one quarter pound daughter born October 21 at Munising.

Mr. and Mrs. Albert Cauchon and daughter Gail and Mr. Cauchon's mother and father of Marquette spent Sunday at the home of Mrs. Hulbert.

Walter Nixon is visiting friends in Sandusky, Mich.

Mr. and Mrs. William Williamson of Marquette are visiting Mr. and Mrs. John Williamson of this week.

Mrs. Louis DesJardin has returned home after an extended visit with relatives in Sopulpa, Okla.

Marquette To Have War Assets Office

A Northern Peninsula office for certifying veterans for war surplus purchases will be opened at Marquette November 4, it was announced here by Harvey J. Hill. Mr. Hill, chief of the information division of the War Assets Administration, Minneapolis, was in Escanaba this week. He declared that the Minneapolis office has \$20,000,000 in war surplus for sale including airplanes, and that veterans have preference in buying surplus material.

After veterans have a chance to make purchases, priority is given to other groups and organizations. War surplus can be purchased for approximately 45 per cent of cost.

TROPHIES FROM CANADA—This will be a familiar scene in Michigan in a couple more weeks when the deer hunting season opens Nov. 15. Two Escanaba hunters stole a march on their fellow nimrods, however, by taking in the open season in Canada, each returning with a

big buck. They are W. T. Britten, Ford River road, left, and Paul Wohlen, supervisor of the Hiawatha National Forest, Escanaba. Britten's deer weighed 215 pounds and Wohlen's tipped the beam at 200. They were slain near Kettle Falls, Ontario.

Former Devout Nazi Admits Trial Has Opened His Eyes

"The Nuernberg trial has happily opened my eyes," Dr. Wilhelm Marquardt, German physician and dentist, states in a letter to Dr. Thomas A. McInerney, who was in charge of the hospital at the Holton, Me., prisoner of war camp, where the 28-year-old Nazi was confined for 21 months.

Dr. McInerney became well acquainted with Dr. Marquardt at prison hospital, and they frequently engaged in discussions.

The German doctor was a confirmed Nazi all during his period of imprisonment, but apparently he has changed his views since returning to Europe.

His letter to Dr. McInerney reads as follows:

"Sorrowfully I must tell you that I am still a prisoner of war. On March 28, 1946, Nietschmann and I left the camp in Holton and were brought to Fort Devens, Mass. There, we remained for three weeks, and here we were reunited with Dr. Brueggemann. On April 26, we left America through Camp Shanks, N. Y., not without casting a final glance upon beautiful New York, and gazing with longing at the slowly disappearing Statue of Liberty. We thought thereabout about the good treatment we had received in the United States, and if many times troublesome thoughts arose behind the barbed wire it was because one dwelt upon the uncertainty of the fate of his relatives who were still in Germany."

"In any case I shall never forget America, and hope that as soon as it is allowed I will be able to return there. On May 8, we landed in Antwerp, Belgium, and were transferred from there through Brussels to an officers camp in the neighborhood of Ostend. Here we met with Dr. Scherer who came from England with Nitschmann from a prisoner of war camp in England. Brueggemann and I were brought to a camp near Muenster and here both of us worked in a dental infirmary as dentists. Fifteen kilometers from here is my home city of Soltau, (Hanover). My parents and my brother have survived the war. They live in two rooms, since the remaining rooms of the house are filled with refugees from East Prussia."

"In Germany the outlook is poor. The population receives only 1500 calories daily and it is quite impossible to buy anything. So, that is our prospects at a glance."

"The cities are for the most part fearfully wrecked, and this all had to happen because the Fuehrer was ambitious. How good it would have been for all of us if this man had never arisen. I am completely healed of his Nazi doctrines. The Nuernberg trial has happily opened my eyes. How right you have always been, because you had already told me of all the things which were disclosed in the trial. God be thanked I see it all now, and I have often thought of all our conversations. May God send us a true democracy, and keep us safe from another war. That is my greatest wish."

"Work at the outset, will be confined largely to production of marine-engine parts for the Chrysler Corporation, of Detroit. 'We do not, however, expect to work exclusively for Chrysler,' he said. 'We plan to acquire, as quickly as possible, an operation which will be extended to other large manufacturers, and will give us a highly diversified operation on a year-round schedule of work.'

Lake Shore's manufacturing unit at Marquette will be continued there, and directed from the Kingsford office. The company's supply business, now in Iron Mountain, will be operated out of the Kingsford office.

"Rented the first day" said Smith

Flodin Discusses Lake Shore Plans At Kingsford Meet

Iron Mountain—More than 200 men and women, principally of Kingsford—the largest crowd ever to attend a similar event in the village—Wednesday night heard F. A. Flodin, president of the Lake Shore Engineering company and William J. and Arthur Grede, president and vice-president, respectively, of the Grede Foundries, Inc., Milwaukee, outline the forthcoming operation of the new foundry, machine shop, power plant and offices now being constructed jointly by the two companies in Kingsford.

All of Lake Shore's office personnel, Flodin said, will be moved to the new plant in Kingsford, and the present building, at Stephenson and A, will probably be offered for sale. Transfer of machinery from the present shop on south Stephenson, and new equipment, will begin early this month, and it is expected the machine shop will be in operation by late November, 16 hours a day on a two-shift basis. Flodin made no predictions as to extent of personnel in the plant, except to say that, under capacity operation, it will be "substantial."

FEWER FARMS IN PENINSULA

But Acreage Increased During War Years, Census Reveals

Washington, D. C., (WNS)—Impact of the war years on the Upper Peninsula agriculture resulted in fewer, but larger farms, greater acreage in farms, and more cropland harvested, it was revealed from tabulations of the 1945 Census of Agriculture.

The twelve Upper Peninsula counties contained 11,085 farms in 1945, in contrast to 11,603 in 1940. Total land in farms amounted to 1,248,532 acres in 1945 and 1,068,473 in 1940. Average size of farms in the area increased from 92 acres in 1940 to 112.6 in 1945. In 1940 there were 283,818 acres of land from which crops were harvested, hay cut or which were in orchards. In 1945 the total was 340,069 acres.

The average size of Michigan farms in the Upper Peninsula is in contrast with the national average of 194 acres per farm. This, however, embraces the ranches of the west and southwest. An example of how these western tracts affect the national average is Kennedy County, Texas, where the county contains only seven ranches with an average of 65,000 acres in each.

Keweenaw County was the only one which decreased the amount of cropland harvested in 1945, from 1940, and all of the counties increased the amount of land in farms during the war years.

The greatest number of farms were in Menominee, while the least were in Keweenaw; and these same two counties had the largest and smallest acreage in farms. The biggest farms were in Delta and the smallest were in Gogebic. Menominee farmers harvested the greatest acreage of cropland, and Keweenaw farmers

harvested the least.

Delta County ranked third of the twelve in number of farms, with 1,472 an increase from 1,426 in 1940. The 205,789 acres in farms in Delta was second highest among the counties, and was an increase from 159,405 acres five years ago. Delta farms averaged 139.8 acres in size, more than the 111.8 acres in 1940. The 49,894 acres of cropland harvested by Delta farmers was more than the 43,993 acres harvested five years ago, and more than any of the counties, with the exception of Menominee, and Houghton.

Data for other counties are:

Alger: 552 farms in 1945, 568 in 1940; 54,374 acres in 1945, 49,569 in 1940; 98.5 acres average size in 1945, 87.3 in 1940; and 13,636 acres harvested in 1945, 12,120 in 1940.

Dickinson: 593 farms in 1945, 623 in 1940; 81,924 acres in 1945, 61,099 in 1940; 138.2 acres average size in 1945, 98.1 in 1940; and 17,908 acres harvested in 1945, 14,731 in 1940.

Gogebic: 798 farms in 1945, 842 in 1940; 44,769 acres in 1945, 40,939 in 1940; 56.1 acres average size in 1945, 48.6 in 1940; and 14,612 acres harvested in 1945, 12,164 in 1940.

Houghton: 1,554 farms in 1945, 1,644 in 1940; 155,427 acres in 1945, 139,703 in 1940; 100 acres average size in 1945, 85 in 1940; and 55,211 acres harvested in 1945, 47,457 in 1940.

Iron: 928 farms in 1945, 857 in 1940; 82,746 acres in 1945, 55,467 in 1940; 89.2 acres average size in 1945, 64.7 in 1940; and 21,117 acres in 1945, 15,894 in 1940.

Keweenaw: 93 farms in 1945, 140 in 1940; 8,092 acres in 1945, 7,536 in 1940; 65.5 acres average size in 1945, 53.8 in 1940; and 1,772 acres harvested in 1945, 2,007 in 1940.

Marquette: 860 farms in 1945, 1,030 in 1940; 102,486 acres in 1945, 104,828 in 1940; 119.2 acres average size in 1945, 101.8 in 1940; and 22,961 acres harvested in 1945, 21,633 in 1940.

Menominee: 2,649 farms in 1945, 2,092 in 1940; 302,007 acres in 1945, 253,341 in 1940; 147.4 acres average size in 1945, 126.5 in 1940; and 80,326 acres harvested in 1945, 68,972 in 1940.

Ontonagon: 1,613 farms in 1945, 1,239 in 1940; 110,210 acres in 1945, 101,350 in 1940; 108.8 acres average size in 1945, 81.8 in 1940, and 33,009 acres harvested in 1945, 29,814 in 1940.

The state legislature recently granted Northern funds to employ six new teachers, which will relieve the over-load in all departments. We will have the equipment, classroom space, and teaching staff to take care of 100 more students next semester which begins February, 1947. The college will request a still larger teaching staff for the academic year 1947-1948. Any students wishing to enroll next semester should send their credentials to Mr. L. O. Gant, registrar, at once.

Gerald Joseph Seymour, Shirley Snell, James H. Short, Thelma L. Sundberg, Albert Charles Texmunt, Margaret Thurston, Helen E. Wils, and Raymond D. Winter. Northern now has 929 students enrolled, 525 of whom are veterans. The state legislature recently granted Northern funds to employ six new teachers, which will relieve the over-load in all departments. We will have the equipment, classroom space, and teaching staff to take care of 100 more students next semester which begins February, 1947. The college will request a still larger teaching staff for the academic year 1947-1948. Any students wishing to enroll next semester should send their credentials to Mr. L. O. Gant, registrar, at once.

A Word To Diners'

'THE DELLS'

WE ARE NOW SERVING OUR DELICIOUS

STEAK & CHICKEN FULL COURSE DINNERS

Serving Nitely Except Saturday:

Open for Private Parties—Weddings—Banquets

Call 665-F-21 for Reservations.

SERVING STEAK!

We are now prepared to serve choice beef ... family style, or individually ... porter house, T-Bone, Sirloin, etc. Also lobster tail, shrimp and chicken.

Serving Sat. and Sun. only

When you think of fine food, think of

THE CHICKEN SHACK

On M-35 Phone 1655 F 12

Garden

Completes Course

Private Lee E. Perrin of Garden, Mich., has successfully completed a two-months intensified course at the Army's streamlined School for Bakers and Cooks, located in the heart of Schofield Barracks recreational area.

While at the School, Private Perrin had an opportunity to learn about, and to put into practical use, the Army's latest methods of food preparation. Among these were such colorful courses as dehydrated food preparation, use of all-automatic portable electric ice cream machine and a course in pastry making, which included fancy cake decorating.

Spirits of Pioneers

THE action of President Truman in directing the state department to find some means of preventing the deportation of a doughty band of 48 Estonians who crossed the Atlantic in open boats to escape domination by the Russians deserves a great big cheer from freedom-loving Americans.

Mr. Truman summed up the situation aptly with this remark: "This is the type of pioneering spirit that built this nation." American sympathies have been with these courageous people ever since they landed on the Eastern seaboard after a 6,000 mile voyage in small boats. The Estonians were without entrance visas and the Estonian immigration quota has already been oversubscribed. Just how the state department will get around this legal barrier to let these courageous people remain in the United States constitutes quite a problem, but surely there must be a way.

When Estonia was swallowed by the Russian bear, the 48 Estonians sought to escape Communist domination and they set out in 36 foot sloops for the land that has always been the world's foremost exponent of freedom, the United States of America. Without presidential intervention, their deportation was certain. But where to go? Surely not back to Estonia where they would be subjected to punishment, perhaps even torture, at the hands of the Russians for "traitorous conduct."

Legal technicalities notwithstanding, the United States has room for these 48 courageous souls who have shown us that the spirit of the American pioneers is still alive.

The principle of freedom, inherent in the American way of life, would have suffered a severe blow and our own conscience would have been troubled if these doughty Estonians were denied refuge in our land, after the sacrifices that they have made to find shelter under the Stars and Stripes.

Ban Fireworks!

ENACTMENT of anti-fireworks laws in every state of the nation is urged by the American Medical association as a means of reducing the annual Fourth of July toll.

Years ago, scores of persons were killed and thousands injured in the use of fireworks. As state after state enacted laws prohibiting their sale to individuals, the toll has declined. Last Fourth of July, only six persons were killed although 903 were injured.

Michigan has had an anti-fireworks law in effect for several years, and it has been effective in promoting public safety on the Fourth of July. However, Wisconsin still permits the sale of the dangerous playthings, and every year some of them are bootlegged into Upper Michigan with disastrous results.

For some reason or other, certain state legislatures have been reluctant to pass anti-fireworks laws. Perhaps, a federal law would do the trick.

Held by Red Tape

ONE of the most scarce items required by the building industry is the common nail. Many construction projects are being delayed by the short supply of nails, much the same as the scarcity of common tacks is holding up production of upholstered furniture at the Freeman plant at Wells and in other factories.

It is exasperating, therefore, to find that some of this shortage is caused by governmental red tape. The American Legion housing committee of Milwaukee recently located 800 kegs of nails, which the War Assets Administration had stored in the old Eline plant.

The War Assets Administration explained that the government did not want to sell the nails until it had completed an inventory for a sale to be held in December. Such hog-wash. The nails are urgently needed. Housing for veterans is far behind schedule, but important projects must be held up until the employees of a governmental bureau take their time about making an inventory.

Sigler for Seaway

KIM SIGLER, Republican nominee for governor, has given a forthright endorsement of the St. Lawrence seaway and has promised to give energetic gubernatorial leadership in the state's fight for the waterway. This is particularly good news to the advocates of this vitally needed transportation improvement that would give Michigan lakeports direct connection to all of the seaports of the world.

This week Sigler told John Beukema, of Muskegon, a leader in the seaway movement; "Michigan needs, and must get, a more aggressive policy in this matter. I am for it and will do everything I can to have it approved."

The fight for the waterway has been a long, hard one but it will be a winning

An Obvious Solution

FOR years now the whole labor movement has been getting recurrent black eyes from the private fights for power and prestige among American Federation of Labor leaders which are known as jurisdictional disputes. The current fight in the Hollywood movie studios, with its usual crop of bloody noses, cracked skulls and damaged property, is only the latest, and not necessarily the most tragically senseless.

So finally the AFL got around to considering a solution of jurisdictional disputes at its Chicago convention. The solution offered must surely have occurred to the leaders before—let their family dispute be judged and settled by a board of their peers and brothers, without calling a strike, injuring a business or industry, and throwing unfeeling and disinterested wage-earners out of work.

It is amazing that so obvious a solution and so necessary a responsibility of leadership could not have been accepted long ago. And it is a pity that all our labor troubles cannot be settled that simply.

Other Editorial Comments

RECOGNITION FOR THE DISABLED (Grand Rapids Press)

The army is doing both itself and handicapped veterans a good service by opening enlistments to 5,000 disabled veterans with special skills. The war department frankly says that pity hasn't prompted the move; rather it is anxious to obtain the services of men whose technical abilities are highly prized and needed by the army.

There is not, of course, any sound reason why the army should not be open to handicapped veterans if they can perform the duties outlined for them. During the war the army employed in various technical jobs thousands of civilians who were not qualified for military service. It always will have a demand for personnel to fill such positions in the "zone of the interior" and there are numerous other assignments which disabled individuals could perform equally satisfactorily.

The army understandably has preferred men physically fit in every way, the idea being that even technicians and men in noncombatant units might some time be called upon to fight. But there is less reason to stick to those rigid standards in peacetime, and particularly in a period when the army's available manpower is rapidly shrinking.

Quite aside from all this, however, the army's decision should serve the purpose of again bringing to the public's attention the fact that many disabled veterans possess valuable and, today, rare skills, while many others can be trained in technical jobs if given the opportunity. Finally, the army's action should prove something of a morale-builder to the handicapped veteran himself if he at times has felt that his potential value to society has not been sufficiently recognized.

AVOIDS EXTRAVAGANCE (Marquette Mining Journal)

News that the Marquette county board of supervisors has been able to reduce expenses is not unusual, but because of the necessity of increasing salaries and the rising costs of operation all along the line it is noteworthy that the board found it possible, at its annual meeting this week, to set up a budget totaling \$12,000 less than it did a year ago. And this despite a material reduction in property valuation.

For years the Marquette county board has maintained a record of keeping its house in good order. Taxpayers have benefited by its practice of avoiding extravagance and needless expense, and this has been done without impairment of essential public services.

The board's action in abolishing the county office of veterans affairs, effective next Dec. 31, was based on the sound recommendation of its budget and executive committee, which pointed out that work done in that office is, in large measure, duplication of services extended to veterans by other agencies, such as the Veterans Administration, Red Cross and service men's organizations.

An Ohio man claimed radio programs were coming from his stove. Well, some of them sound like blazes.

When most women hear about new-style earrings, they prick up their ears.

The man who built a two-car garage years ago really was foresighted. His car on one side, his family on the other.

Take My Word For it

WHAT'S IN A NAME?

This column owes a thousand apologies to the city of Los Angeles and all Los Angelenos.

Not long ago, in commenting on the various pronunciations of the name Los Angeles, as heard in the city itself, and as found in American dictionaries, gazetteers, and other such authorities, I stated that the complete name of the city is: El Pueblo de Nuestra Señora la Reina de los Angeles de la Porciuncula. So, I hereby restore to the City of Los Angeles its true, complete, and ancient name, which in English means: The Village of Our Lady the Queen of the Angels of the Small Portion.

Add unusual names, Kansas City: "My name is Daye Knight, and I have been a nurse for 45 years. My patients call me Miss Daye on day duty, and Miss Knight on night duty."

E. K. F., of Syracuse, also collects odd names. Her long list includes: The Rev. Wm. A. Gadsave; Carrie Keys; George Himself; Johnny Cake; Dr. Miles Long.

Mrs. A. D. S. reports that there is a cleaning firm in Dayton named: Tearoff and Press.

And Mrs. R. R., of Washington, D. C., once saw, in a list of District teachers, the name of I. T. Smackum, of Ketchikan school.

World Events Analyzed

BY MARQUIS CHILDS

Santa Monica, Calif.—One of the things that has made this country great and strong is its organizing genius. That was one of the reasons we won the war with such an overwhelming margin of destructive power.

Donald Douglas of the Douglas Aircraft Corporation is a pioneer in aircraft construction and design, and an industrial organizer of top capacity. Out of the Douglas plants during the war came 30,000 aircraft.

When President Roosevelt told the world that the United States would build 50,000 war planes, skeptics and political rivals jeered at what they said was an impossibility. Douglas wired the President that it would be done. Today Douglas transport planes are flying on the airways of the world. Along with the planes of such keen competitors as Lockheed, they advertise America's amazing technological capacity. In our national bookkeeping, this capacity stands high on the asset side.

But that capacity is so great that it is already possible to see the limits of peacetime production. The process of replacing airline equipment has gone a long way.

—PLANES LAST MANY YEARS—

The big new planes, the DC-4s, the DC-6s and the Constellations, cost from a half million or up and so they cannot be replaced just because some new gadget has been added. And barring accidents, they last, as the war demonstrated, for many years.

The new DC-6 is about to come into production at the Douglas plant here. Just ahead is a jet-propelled transport that will cruise at 500 miles an hour. More conservative than some in his field, Douglas in his quiet-spoken way says it will take as long as three years to get this plane into the practical, operational stage.

But here you come up against another limiting factor. The nation's overcrowded airways are not equipped to take today's planes. They are wholly unprepared for tomorrow. To fly 500 miles from New York to Chicago and then to have to wait an hour or two over the Chicago airport before landing makes no sense at all even if technologically possible.

If the peacetime production of planes is to be on a limited scale, as Douglas believes it will be, then the question is how an organization such as he has put together, with its 3000 engineers and technicians, can be preserved. One answer, of course, is through military contracts provided by the army air forces.

Douglas has been given an exclusive contract to develop guided missiles for inter-continental warfare. Highly secret projects are going forward in cooperation with scientists at the California Institute of Technology and with the help of German scientists who were brought to this country after VE-day.

But this is for war, for destruction, even though its peacetime applications may be far-reaching. It does not answer the question of how we shall make use of our organizing capacity and technological genius to help create a stable and peaceful world.

—NO POSITIVE POLICY—

This is the question, it seems to me, that is at the root of the success or failure of our foreign policy. Deeds are far more important than words.

The speeches of Secretary of State Byrnes, Sen. Vandenberg and President Truman are well and good. They show there is no fundamental division on our approach to the world.

It should not be overlooked, however, that agreement is largely on the theoretical and negative aspects of foreign policy. The test of agreement on a positive policy is still to come.

Consider a theoretical example. Let's suppose the administration decides next year to take a more positive line in pushing the reconstruction of western Europe. Take an imaginary country, Ruritania, which is not a satellite of Russia but is in danger of becoming a satellite.

We propose to send machines and materials and American technicians to help the Ruritaniens get their industry started again. This means loans, perhaps in some cases subsidies. By such a positive policy, we not only help to rebuild the west but we keep our own industrial organization working at full capacity.

If Republican votes defeat these positive steps, then agreement on a theoretical foreign policy will have little meaning. We must make positive use of the assets in our national account. If these assets dwindle, because we fail to make full use of them, then we shall be squandering one of our major heritages. The administration has been far too timid in taking the positive steps necessary to make our foreign policy come to life. The opportunities are still there if we will only take them.

day of Nuestra Señora de los Angeles (the Virgin Mary), the expedition's priest, Father Juan Crespi, named the little village: El Pueblo de Nuestra Señora la Reina de los Angeles de la Porciuncula. So, I hereby restore to the City of Los Angeles its true, complete, and ancient name, which in English means: The Village of Our Lady the Queen of the Angels of the Small Portion.

Add unusual names, Kansas City: "My name is Daye Knight, and I have been a nurse for 45 years. My patients call me Miss Daye on day duty, and Miss Knight on night duty."

E. K. F., of Syracuse, also collects odd names. Her long list includes: The Rev. Wm. A. Gadsave; Carrie Keys; George Himself; Johnny Cake; Dr. Miles Long.

Mrs. A. D. S. reports that there is a cleaning firm in Dayton named: Tearoff and Press.

And Mrs. R. R., of Washington, D. C., once saw, in a list of District teachers, the name of I. T. Smackum, of Ketchikan school.

This Is Getting Monotonous

Good Morning!

By The Bugler

THE THIRD MAN—Although there has as yet been no official announcement, it was revealed at the recent meeting of the Delta county board of supervisors that a third man who will assist in agricultural development of this area will be assigned to Delta and Menominee counties soon.

This man will be a forester, whose salary will be paid jointly by the state and federal governments, and he will work out of the agricultural office of the two counties.

Presumably the forester will assist timber holders, loggers, owners of forest tracts both large and small, in recommended forestry practices. Arrival of the forester in Delta county will increase to three the number of men now directly at work in the development of agriculture—since silviculture and agriculture are often combined in this North Country.

Now serving the agricultural interests of the county are E. A. Wenner, county agricultural agent, and Ben Westrate, county 4-H Club agent.

Those RECIPES—In these days when sugar is a scarce commodity and shortening is almost non-existent, cooks are inclined to experiment with anything that promises a way around the shortages. Out of such a situation came an amusing incident—amusing at least to some—when a Daily Press reader asked for a recipe for a sugary angel food cake.

This request was printed, and a recipe was submitted in response from a woman who lives outside the city. A few days after the recipe was printed, five or six hurried cooks called to ask whether there was not some error in the recipe. The recipe was correct as submitted—but the cooks who tried it found that it made nothing fit to eat.

"I thought there was something funny about that recipe," one cook reported, "but I'm willing to try anything these days. When I put the cake in the oven it began to rise, and kept on rising. It poured over the sides of the pan like water over Niagara Falls and completely covered the bottom of the oven."

POLICE WORK—Some time ago this column presented information on the variety of work done by the Escanaba police department—probably not unusual and the same everywhere. The other day, however, they had some experiences which might be described as new. At least they are different.

One night a week or so ago the night patrolman for the police department found a basement window open at the Escanaba Steam Laundry and notified John Bissell, owner. The window was closed after an investigation disclosed that apparently there had not been an attempted breaking and entering. The following morning, about 8 o'clock, a large white owl, five feet from wing tip to wing tip, was found lurking in the laundry coal bin. Again the police were called and they shot the intruder.

Last Tuesday the police record contained another item of interest to those who like wild animal stories. Police were called to the alley in the 1700 block, Ludington street, where they killed a skunk

10 Years Ago—1936

Mrs. Justina Cretens, 54, wife of Joseph Cretens, 1412 North 22nd street, passed away at 12:30 Sunday morning at St. Francis hospital.

Mrs. Viall Smith, 1202 12th avenue south, received a cut over the left eye Saturday night when the car in which she was riding collided with another automobile and overturned.

Several bands, including the Municipal and high school bands, and clown organizations will be featured in the huge parade which will be held here Friday night at the Halloween Frolic.

A son was born at St. Francis hospital Sunday morning to Mr. and Mrs. Harold Peterson, 1214 Ludington street.

Geraldine Waeghe, 521 South Tenth street, submitted to an operation for relief from appendicitis.

20 Years Ago—1926

Aimee Semple McPherson, accused of criminal conspiracy, today heard the first sworn testimony of belief in her story of having been kidnapped. The testimony was made by Superior Judge Charles S. Hardy.

Elsa Acheistied, famous Swedish singer who is making a tour of the United States will give a concert here tonight at the North Star Hall.

Houdini, noted magician, was operated on tonight for acute appendicitis. A bulletin issued by his physician reported that Houdini's condition is grave.

Mr. and Mrs. Earl Boucher, 303 North 16th street are the parents of a daughter.

Mr. and Mrs. Carl Carlson, 518 South 13th street, were overcome by gas fumes which escaped from a coal stove at their home sometime Sunday night. The couple are recuperating.

that was disturbing the neighborhood.

This last item has nothing to do with wildlife. The police record revealed that a chicken-raiser in the city had reported that three of his hens had been stolen. At the bottom of the recorded item was the additional notation that "two of them came back."

SLOW BUT SURE—Escanaba veterans who have been waiting patiently for completion of the veterans housing project may be wondering when they will be able to move into the two-family houses on Lake Shore Drive at the old brewery site. An official whose name perhaps should not be used, reported: "Right now it looks like they won't be ready before Jan. 1—maybe."

FRUIT AND BLOSSOMS—A column aide, who last Sunday drove south along the bay shore, reported seeing a number of cars halted on the roadside while the occupants stripped adjacent bitter-sweet vines of their colorful orange berries. In the majority of cases, no doubt, they did not know they were violating two state laws: 1—To pick and transport bittersweet, Michigan holly, evergreens and other ornamental plants you must have a bill of sale from the owner; 2—Molesting or removing trees and shrubs along a state highway is prohibited under the law.

And as a reminder for next spring: Arbutus is among the wildflowers protected in Michigan. Few persons know this and children are often encouraged to pick arbutus anywhere and everywhere, for sale along the highway. Indiscriminate picking of arbutus will lead to extermination of this most delicate wildflower, as has already happened in many sections of the state.

—Cliff Dunathan

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—Gnarled, knotty-faced Senator Theodore Bilbo of Mississippi long has been known as the No. 1 rabble-rouser of the USA. Few, however, have realized that he was also the No. 1 gouger of war contractors and a d stacked up a neat little pile for himself as a result.

In the early days of war preparation, Senator Bilbo seemed to know his way around the war department and was instrumental in getting several lucrative contracts for Mississippi friends—including Key Field at Meridian and Keesler Field at Biloxi. The Mississippi contractors who profited were chiefly Newton-Glenn of Hattiesburg, and Morrissey-Knost of Pass Christian.

The latter firm got war contracts totalling \$3,527,268.39 in 1943. Both firms were in on the Keesler Field construction at a total cost of \$11,748,620. Their fixed-fee profit out of this was \$265,000, part of it shared with the J. A. Jones Company of Charlotte, N. C.

What these gentlemen from Mississippi promised the Senator from Mississippi in return for his help in getting lush contracts is their secret. However, whatever they promised, they delivered a lot. And this column is now able to set forth in detail what they ponied up—some of it apparently in violation of criminal statutes which say that a member of Congress cannot receive a fee for lobbying on any matter pertaining to the federal government.

BILBO'S DREAM HOUSE—

Pony No. 1—One of the first things the contractors ponied up for Senator Bilbo was an artificial lake, with an island in the middle, and a nice house built on the island. These were built by F. T. Newton of the Newton-Glenn Co., and by Michael T. Morrissey of Morrissey-Knost, both profiting from Keesler Field at Biloxi.

Newton and Morrissey dug out Bilbo's lake originally at a cost to the U. S. taxpayer of \$3,672.91. Reason the U. S. taxpayer was to be out of pocket was that Morrissey charged the expense of the lake up to one of his war contracts. Later, however, he changed it to an account receivable from Bilbo. Bilbo has never paid him, however, so perhaps it will be deducted from income taxes as a bad debt, which means the taxpayer will foot most of the bill just the same.

Cost of Bilbo's house on the island, now called "Dream House No. 2" has not been ascertained. The men and equipment employed in digging the lake were being used on a war contract at that time.

—BILBO'S DREAM AUTO—

Having fixed up the lake, island and dream house, Newton and Morrissey even went so far as to give their benefactor the furniture to equip his house. This was presented on Christmas eve, 1941, the furniture costing \$1,000. On top of this Morrissey gave Bilbo a \$1,912 Cadillac.

Originally Morrissey deducted the cost of the car from his 1941 income tax return as a contribution, but later filed an amended return omitting this deduction.

Pony No. 2—In addition to the lake, dream house, automobile and furniture, the two contractors also ponied up \$2,400 to Senator Bilbo on Nov. 7, 1941. The money was split in two parts. F. T. Newton gave Bilbo \$1,200, while D. L. Knost of the Morrissey-Knost Co., also gave him \$1,200. The money was handed over in Bilbo's office in Washington.

Pony No. 3—This was the biggest Bilbo windfall of all—totalling \$25,000. It was paid under interesting if not peculiar circumstances. The highly profitable Keesler Field contract at Biloxi had been awarded to Bilbo's friends on June 13, 1941. Their various other cash payments and dream-house favors had come in the latter part of 1941. But meanwhile other war contracts were in the offing.

So, about one year later, on Sept. 7, 1942, in the Royal hotel, in Jackson, Miss., F. T. Newton of the Newton-Glenn Co., handed benefactor Bilbo four checks totalling \$25,000.

—MYSTERIOUS \$25,000—

Three checks were for \$5,000 each, with one for \$10,000, all of them checks of the Newton-Glenn Co., but drawn against four different banks where the company kept accounts. On its books, the company charged this \$25,000 expense to the cost of the war contracts which Senator Bilbo had assisted the company in obtaining.

Later, however, the war contractors apparently got scared and changed their books. Twenty thousand dollars was charged to the drawing accounts of the two partners, Newton and F. S. Glenn, as a debt to Bilbo. The remaining \$5,000, however, was charged directly to the cost of a government contract.

This in itself would appear to be evidence that Bilbo had violated the statute making it a crime for a senator to obtain money in connection with any federal government matter.

When internal revenue agents questioned Mr. Newton about this he refused to make any statement. His partner Glenn, however, said he had no knowledge of the payment until about two months after it was made, when Newton told him it was a contribution to the Wall Doxey Senatorial campaign. However, it is also illegal for a corporation to contribute to any political campaign.

Because of the \$25,000 payment to Bilbo, Glenn later demanded dissolution of his partnership with Newton.

Some historians still argue over where Columbus landed—and if things keep on we may decide the whole discovery was a mistake.

Around Hallowe'en time scores of pumpkins will be sold at their face value.

Many autos, like their drivers, are bent on careless driving.

Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to ESCANABA DAILY PRESS SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. Is it true that Regular Navy personnel need not serve out their full six-year enlistment contracts?

A. Regular Navy personnel who have completed four or more years of their six-year first enlistments are eligible for discharge at their own request if they hold any one of sixty-six ratings in which the Navy has an excess of manpower.

Q. If a veteran fails a course of Accountancy in his first year at college under the G. I. Bill, would he be considered eligible for a course in Business Administration at another approved college?

A. No.
Q. What is the reason that persons walking arm-in-arm shake and jostle each other, unless they make the movements of their feet to correspond as soldiers do in walking?

A. When we walk at a moderate rate, the center of gravity comes alternately over the right and over the left foot. The body advances, therefore in a wavy line; and unless two persons walking together keep step, the wavy motion of the two fails to coincide.

Q. Can you furnish me with a formula for a glass adhesive?
A. The following has proven very resistant to liquids and heat: Silver litharge, 1000 parts; white lead, 50 parts; boiled linseed oil, 3 parts; copal varnish, 1 part. Mix the lead and litharge thoroughly, and the oil and copal in the same manner, and preserve separately. When needed for use, mix in the proportions indicated (150 parts of the powder to 4 parts of the liquid) and knead well together. Apply to edges of the glass, bind together, and let stand for 24 to 48 hours.

Q. What well known author recently wrote a book chiefly about Key West?

A. Ernest Hemingway. To Have and Have Not.

Q. What type of modern firearm is muzzle-loading?
A. The trench-mortar. Its shell carries a small propellant charge on the base, which ignites by percussion when the shell is dropped down the bore.

Extensive sulphur deposits in Texas and Louisiana are covered with quicksand and cannot be mined by ordinary methods.

Sumptuary laws are those intended to limit or regulate the private expenditures of the citizens of a community.

Rings

TRUCK DRIVER STRUCK BY CAR

Willard W. Maynard, 31,
In Green Bay
Hospital

Willard W. Maynard, 31, 522 North 19th street, is in St. Vincent hospital, Green Bay, Wis., with back and leg injuries, not considered serious, and James Waters, 20, Menasha, Wis., is in the Brown county jail on a hit and run charge following an accident on Highway 57, six miles south of Deperre, Wis., about three o'clock yesterday morning.

Maynard was picking up flares after helping William Smith, 914 Sheridan road, Escanaba, change a tire. Both are truck drivers for the Clairmont Transfer line.

The Waters car, they claim, approached from behind at high speed, struck Maynard, and kept on going. Smith gave a description to county police. Waters and another young man were arrested shortly afterward on a side road about a mile away, where they had stopped with a flat tire. Marks on the Waters car indicated it was the one involved, officers said.

In Green Bay municipal court, Waters pleaded innocent of the hit and run charge. He failed to post the \$2,000 bail set by Judge Donald W. Gleason. He pleaded guilty to driving without an operator's license. Both cases are being held open. Brown county police said they understood a hit and run charge is pending against Waters in Menasha. No charge was placed against his companion.

McMillan

Mr. and Mrs. John Hoder and daughter Laverne have returned to their home in Detroit.

Miss Lois Skinner spent several days at the home of her sister, Mrs. M. B. Purdy in Newberry last week.

Mrs. William Hartwick has resigned her position at the H. J. Skinner store. She has been replaced by Mrs. A. J. Mainville.

Mr. and Mrs. Daniel Whalen of Dearborn called on old friends in town Wednesday. Mr. Whalen lived here with his parents, Mr. and Mrs. Tom Whalen 30 years ago.

Mrs. Frank Kirby and daughter Nancy and Pat left Tuesday to spend several days at the home of Mr. and Mrs. Harold Snyder in Manistique.

Miss Betty Bryers of Newberry spent the week end visiting at the home of Mr. and Mrs. Kenneth Carney.

Dr. R. E. Spinks has returned to his home in Cadillac after spending several days at his cottage here.

Mrs. James Bowler, Leta Bowler and Margaret Mattson were visitors in Sault Ste. Marie Friday.

Mr. and Mrs. Grant Landon of Cheboygan are visiting at the home of Mrs. Landons mother, Mrs. Frank Scray and with Mr. and Mrs. Frank Kirby.

Claude Rought returned to Manistique Monday following a visit at the Cornwell Mark home.

Mrs. H. J. Skinner and daughter Lois left Monday for Bellaire and Manistee to visit Mrs. Skinner's sister, Mrs. Esther L. Hulbert.

Mr. and Mrs. Oscar Musgrave attended the Luce County Potato show held in Lakefield Tuesday.

Mrs. Claude Dunn has returned to her home in Alma after spending a week at the home of her son and daughter-in-law, Mr. and Mrs. James Dunn.

Bert Hoyt has been taken to the Marquette hospital for examination and treatment for injuries following a bad fall.

Anuta Will Speak At Scout Parley

Michael Anuta, Prosecuting Attorney of Menominee County, is to be the speaker at the Annual Meeting of the Hiawathaland Boy Scout Council, which is being held in Marquette, Sunday, Oct. 27.

Mr. Anuta is president of the Nicolet Area Scout Council, which has headquarters at Green Bay, Wisconsin, and has been active in Scouting for over 25 years. He holds the Silver Beaver Award for outstanding service to boys and has been re-elected President of his Council for two successive years.

One of his sons, Michael, an Eagle Scout, is at present a student at Northern Michigan College of Education in Marquette, having enrolled upon return from the armed forces. He also has a Cub Scout son.

Mr. Anuta has served as Scoutmaster, Troop Committeeman, District Committeeman, District Commissioner, Council Commissioner, and Executive Board Member of his local Council.

Isabella

Birth
Isabella, Mich.—Mr. and Mrs. Helmer Nelson are the parents of a baby girl weighing nine pounds, born at St. Francis hospital.

A son has been born to Mr. and Mrs. Jack Ebbl, Mrs. Ebbl is the former Victoria Bonifas, daughter of Mr. and Mrs. Nick Bonifas.

ASSIGNED HERE—Rev. Fr. H. V. Drole of Chicago is the new assistant pastor of St. Patrick's church in Escanaba. He succeeded Rev. Fr. Norbert Freiburger, who was transferred to Painesdale.

Briefly Told

Army Enlistments—According to information received by the U. S. Army Recruiting Station at Escanaba, qualified persons may be enlisted in grades above grade three under the provisions of War Department Pamphlet 12-16 after Oct. 30, 1946 provided their applications were placed in military channels prior to 30 October 1946. However, if applications have not been placed prior to Oct. 30, 1946, the highest grade in which men may enlist under the provisions of W. D. Pamphlet 12-16, is grade three or staff sergeant. All men affected by this deadline and who desire enlistment in the regular army are urged to contact Sgt. Smith or Cpl. Seymour at the Post-Office Building immediately.

Apply For License—Application for a marriage license has been made at the office of the county clerk by Fred E. Malmstrom and Florence Hogan of Escanaba.

Get Primary Money—Bay de Noc township schools have received a check for \$2,000 through the office of the county treasurer, an advance payment of the primary school money due the school district.

Youth In Custody—Oliver A. Couillard, 17, of the chemical plant location, is being held in jail in Escanaba awaiting his return to Port Sheridan for being absent without leave from the U. S. Army. Sheriff William E. Miron said Couillard had been in custody six times previously for the same offense, and that Fort Sheridan officials informed Couillard that he will be discharged when he returns there.

K of C Installation—Knights of Columbus, Council No. 640, will hold a special meeting on Oct. 29 at 8 o'clock. The worthy district deputy, Florian Vecellio, and his staff will be present to install the elected officers of this council. Officers are: Roger Moras, grand knight; Richard Juettin, deputy grand knight; Leo Laviolette, chancellor; Robert DeGrand, Warden; Gerald Kennedy, advocate; John Dubord, inside guard; Donald Wolfe, outside guard; and Lester Noel, trustee.

Obituary

MATTHEW OTRADOVEC SR.
The body of Matthew Otradovec Sr., who died Thursday night at his home in Carney, will be removed from the Boyle funeral home to the home of a son-in-law, Henry Blahnik, in Carney this afternoon. Funeral services will be held at St. Bruno's church in Nadeau 9 o'clock Monday morning, with Rev. Fr. Lester Bourgeois as the celebrant at the solemn requiem high mass. Burial will be in the Nadeau cemetery.

MRS. JOHN MATTSON
Funeral services for Mrs. John Mattson, 332 North 20th street, will be held at the Anderson funeral home 2 o'clock this afternoon and at the Bethany Lutheran church 2:15 o'clock. Rev. Gustav Lund will officiate. Burial will be in Lakeview cemetery.

Appointments Are Made To 23 C-C Committees

Twenty-three committees, appointed by George Lindenthal, new president of the Escanaba Chamber of Commerce, were appointed at the meeting of the board of directors held yesterday.

Gust Asp was reappointed chairman of the industrial committee, with the other members to be selected as the need arises. The board agreed to have one member of the Escanaba Commerce association serve as a member of the industrial group. A meeting of committee chairmen will be held in the near future.

The board also adopted a resolution, paying tribute to the late William R. Smith, who served for many years as president and director of the Escanaba Chamber of Commerce.

The committee appointments follow:

HANS ERICKSEN FATALLY HURT

Former Stonington Man
Struck By Auto In
New Britain, Conn.

Hans Anton Ericksen, 50, veteran of World War I, died on Tuesday, Oct. 22, at the New Britain, Conn., general hospital of injuries received when struck by an automobile Sunday evening.

Mr. Ericksen was born in Stonington Feb. 6, 1896. He left Stonington four years ago, and was employed in construction work in the East.

Besides his stepmother, Mrs. Beret Ericksen of Stonington, he is survived by four brothers and five sisters: Martin, Harold and Ralph Ericksen, Stonington; Thomas, Escanaba; Mrs. Warner Johnson, Stonington; Mrs. Arthur Anderson, Chicago; Mrs. Elmer Jader, Stonington; Bertha Ericksen, and Mrs. Oscar Leadman, Stonington.

Funeral arrangements are incomplete pending arrival of the body at the Anderson funeral home.

Trenary

Sunday Evening Service

The Rev. John Meredith, superintendent of the Marquette district of the Methodist church, will be the guest speaker at the regular Sunday evening service at the Trenary Methodist church. Mr. Meredith, who is no stranger to the Upper Peninsula, recently took over the duties of superintendent in the Upper Peninsula, which is the largest district in American Methodism.

Special music for the service will be provided by the Trenary church's mixed quartet, composed of Mrs. A. Cauchon, Claude Elmore and Rev. and Mrs. Homer Story. They will sing "Be Still My Soul" to the music of Jean Sibelius' tone poem, "Finlandia."

A class of new members will be received into the fellowship of the church by the pastor. Refreshments will be served during the hour of fellowship which will follow the service in the church parlors.

An invitation to the public has been extended by the Rev. Homer M. Storey of Gwinn, pastor of the Trenary Methodist church.

**Children Protest
Higher Cost Of
Hallowe'en Fun**

Aiming a body blow at the inflated cost of supervised Hallowe'en fun in Escanaba, a group of Barr grade school students yesterday drafted a petition asking that the price of the annual Hallowe'en carnival at the Senior high school be reduced and that the show last longer.

The traditional Hallowe'en carnival is designed to keep children off the street and give them the opportunity to expand their energies under supervision. The show is presented in the Senior high school building and is staged by the Senior Class.

This year when the tickets were placed on sale the grade school boys and girls were shocked to the bottom of their piggy banks. The price had gone up from 25 to 50 cents! Not only that, but it was announced that the festivities would end at 9:30 p. m. and the 10 o'clock show in the auditorium had been eliminated.

Following a furore of discussion in the Barr grade school yesterday the Sixth grade students drafted a petition, obtained 50 signatures, and addressed it to E. E. Edick, Senior high school principal, with a copy for publication. The petition is as follows:

Barr school
Dear Mr. Edick:
I am writing this letter on behalf of our sixth grade room. This is why I am writing to you: This year you are having a Hallowe'en carnival. The children in this room are complaining about it. You are selling tickets at 50 cents each

which we consider too much. The children buying the tickets hoping to have a good time. When they go to the high school they see something that they think they would like to see. They get in line and wait, all of a sudden, they are given a push which puts them flat against the wall. Some people may be severely injured this way. And when they are in line, bigger boys come running through the hall and knock you out of line, and you just have to go to the end of the line. I was wondering if you could organize it so the lines wouldn't always be pushing, and if you could stop the boys from running through the hall like they do. Also we would like you to have it last longer.

Respectfully yours
Sixth Grade Students.

Pede Strikes Car, Two Men Injured

Two bridge and building carpenters of the Chicago and North Western railway were injured when their gasoline pede rammed into an automobile which stalled on the Lathrop crossing Thursday afternoon.

The injured men are William Freeman, 58, 1117 First avenue north, who is in St. Francis hospital with fractured left leg and left arm, and George Meyers, 48, 1427 North 18th street, who received slight body bruises and an injury to his right hand. Meyers was dismissed from the hospital after an examination.

Clarence Willette, driver of a Northwest Fruit company truck, brought the injured men to the hospital.

A Mrs. Noel, who lives near the Lathrop crossing, was driving the car and was accompanied by a relative, Mrs. Leach. They were unhurt.

Wilson

Anniversary Party
Wilson, Mich.—Mr. and Mrs. Wilbert Nault were pleasantly surprised by a group of friends at their home Wednesday evening, October 23, the occasion being their 23rd wedding anniversary.

The evening was spent playing cards after which a tasty lunch was served.

Those attending were: Mr. and Mrs. Wilfred Poquette, Mr. and Mrs. Arthur Juneau, Mr. and Mrs. Earl Dubois, Mr. and Mrs. Earl Hupy, Mrs. Arthur Hupy, all of Spalding; Mr. and Mrs. Antone Cavadaes of Harris; William Juneau, Eddie Motto, Wilson; and Lavona Nault of Escanaba.

Asbestos was used as a cremation cloth by the Romans.

ESKA MAJORETTE — Gail LaChapelle is the drum majorette of the Escanaba high school band. She is a member of the senior class.

Program Arranged For Reformation Sunday On Oct. 27

Sunday, October 27 is Reformation Sunday in Protestant churches. This day is observed to commemorate the Protestant Reformation, and its meaning for Protestantism as a whole. It is over 400 years since Martin Luther posted his 95 theses on the door of the Wittenberg cathedral in 1517 and set aflame the long-smoldering desire of many to reform the church of the abuses to true religion.

Most local Protestant churches will be observing this Sunday. Four churches are exchanging ministers for the morning service.

Rev. Otto Steen, pastor of the First Methodist church of Escanaba, and Rev. Serge Hummon of the Congregational Christian church of Rapid River will exchange pulpits, and Rev. Glenn Kjellberg and Rev. James Bell, of the First Methodist church of Gladstone and the First Presbyterian church of Escanaba respectively, will exchange pulpits.

Today's Recipes

BY GAYNOR MADDOX

You'll welcome this sugar-easy pie with a different flavor. The raisins are "plumped" in hot coffee. The natural sugar in the raisins cuts down on the other sugar in the recipe.

Raisin Pie

One and one-half cups raisins, 1½ cups hot coffee, 3 tablespoons fortified margarine, 3 tablespoons flour, 2 egg yolks, ¼ cup sugar, 1-8 teaspoon salt, the whites of two eggs, and 2 tablespoons sugar. Combine raisins with hot coffee. Cover and cook about 10 minutes, until raisins are plump.

Melt margarine, stir in flour, and add small amount of liquid in which raisins have been cooked. Stir until smooth. Add remaining liquid and raisins and stir over low heat until mixture thickens.

Beat egg yolks slightly, stir in ¼ cup sugar and salt. Add to first mixture and continue stirring over heat until sugar is completely dissolved. Pour into baked pie shell.

Beat egg whites, fold in remaining sugar, pile in ring on top of filling, and bake in slow oven (325 degrees F.) about 10 minutes, until meringue is slightly brown. Serve hot or cold.

Social - Club

Observes Birthday

Mrs. Arvid Lind, 1126 Stephenson avenue, observed her birthday anniversary on Wednesday afternoon with a group of friends called at her home. Present were Mrs. Henning Johnson and son Edward, Mrs. Stanley Stevenson and daughter, Beverly, and Mrs. Conrad Lindquist, all of Ensign. A birthday lunch was served during the afternoon, and Mrs. Lind received several gifts.

HERE'S THAT APARTMENT

Springfield (A) — Even a free apartment won't get you a servant these days. An advertisement appearing in the Springfield Union offered a furnished apartment with meals, telephone, radio and laundry facilities, plus a "liberal" salary and two weeks' paid vacation in return for the services of an experienced housekeeper.

There were no takers. Seventy-eight per cent of Argentina's population is of European extraction.

St. Ann Church Will Hold Fall Festival Nov. 6

The juveniles of St. Ann's church are preparing for their annual fall festival, which will be held this year on Nov. 6 at St. Joseph hall. An old-time bazaar will be featured at the festival.

Fr. George Laforest has appointed Fr. O'Neil D'Amour as general chairman of the event. He will be assisted by Miss Lillian Grenier and Mrs. Ovilla Lavolette, who will have charge of the premiums.

Fr. Clement LePine will be in charge of refreshments, assisted by a group of C. Y. O. members.

Members of the entertainment committee are Alex St. Cyr, Edward Kremer, Robert DeGrand, Walter Richer, and Alfred Provencer, president of the Holy Name Society. Members of that society will assist the committee.

The public is invited to attend the festival, which has proved to be a popular annual affair.

Adventist Church Child Evangelism Institute Today

Today, the local Seventh-day Adventist church will be host to a trio of speakers from Lansing who are here for a special Child Evangelism Institute. The trio is composed of D. W. Hunter, leader of the Michigan Seventh-day Adventist young people; D. V. Cowin, in charge of the Adventist Educational Department for Michigan; and Miss Edith Shepherd, long-time worker for young people through Sabbath school work.

They have made a study of child guidance problems and have a very practical approach to the problem of giving children the right start in life.

These meetings will be held in conjunction with a district meeting of all Seventh-day Adventist churches in this area under the leadership of G. M. Schram. To accommodate the large group that will be present the meetings will be held in the Webster Elementary School Gymnasium.

The first session will start at 9:30 a. m. today. The meetings will continue all day with brief intermissions. Anyone interested in child guidance is welcome to attend.

In view of the present delinquency problems and the many young people who are growing up without faith in God, Seventh-day Adventists feel that these meetings are vital to their community.

JHS Faculty To Take Part In Open House

Members of the junior high school faculty who will be present tomorrow evening for open house, scheduled to begin at 7:30 p. m. are:

Myrtle Beatson, room 259; Fred Benette, 251; Agnes Burke, 254; Margaret Dwyer, 257; John Edick, 209; Doris Ekholm, 159; Vernon Ihlenfeldt, 106; Frank Karas, 201; Georgiana King, 208; Ruth Klambunde, 204; Margaret Kranstover, 151; Vida Kuntze, 255; Florence Ladd, girl's gym; Donald McKie, 109; Julia Parsons, 253; Bonnie Porter, 203; William Puckelwartz, boy's gym; Lila Rusch, 107; Marjorie Shane, 155; Albin Starr, 206; Nancy Stewart, 207; Jessie Wick, 201; Erwin Wolff, 106; Albert Shomento, 201; and Clarence Zerbel, 207.

An assembly in the auditorium will begin the program at which Mr. Zerbel will discuss the purpose of the open house procedure. All parents and others interested are invited to attend.

Births

Mr. and Mrs. Harry Randall of Alpena, former Escanabans, are the parents of a son, Norbert James, born Oct. 17. The baby weighed seven pounds and twelve ounces at birth. Mr. Randall is the former Lillian Sabourin of this city.

L. B. VanHorn And Miss Simonson Wed

Bancroft, Mich. — The double ring wedding ceremony was solemnized when Miss Celma J. Simonson exchanged marriage vows with Lawrence B. Van Horn of Vernon, formerly of Escanaba, in the home of the bride Friday evening, Oct. 18. The Rev. Ward Klopp of the Congregational church officiated in the presence of 50 guests.

The late Mr. and Mrs. M. V. Simonson were parents of the bride, and Mrs. E. D. Van Horn of Escanaba is mother of the bridegroom.

Miss Lola Bradstreet of Ann Arbor and Herbert VanHorn of Gladstone, brother of the groom, were the attendants.

The bride wore an aqua wool frock with silver sequin trim and wore a corsage of gardenias. Following a reception after the ceremony the couple left for a Northem Michigan wedding trip and will return to make their home in Bancroft.

A member of one of the prominent families of Bancroft, the bride is a graduate of the University of Michigan and affiliated with Delta Sigma Rho and Sigma Delta Phi Sororities. The bridegroom attended Albion College and the Eastman School of Music, and the University of Michigan. He is a member of Sigma Delta Phi Fraternity.

Both Mr. and Mrs. VanHorn are in the teaching profession, she a teacher of social studies at Central High school in Flint, and he is a member of the Durand high school faculty.

Attending the ceremony from Escanaba in addition to the bridegroom's mother were Mr. and Mrs. Arthur Olson and son.

Church Events

Immanuel Class
The Immanuel class of Immanuel Lutheran church meets for instruction this morning at 10 o'clock.

Ev. Covenant Class
The Evangelical Covenant confirmation class meets this morning at 10 o'clock.

Quarterly Conference
The Rev. John Meredith, recently appointed superintendent of the Marquette district of the Methodist church, will conduct the first quarterly conference at Central Methodist church on Monday evening at 7:30 o'clock.

Ladies Aid To Meet
The Presbyterian Ladies' Aid will meet Tuesday afternoon Oct. 29 at Guild Hall beginning at 2:30 p. m. Mrs. P. C. Beauchamp will give devotionals and Miss Ruth Glad will render a vocal solo. Mrs. Paul Robeson's book, "African Journey," will be reviewed by Mrs. H. L. Holderman. Members of the hostess committee are: Mrs. Lawrence Erickson, Mrs. C. A. Anderson, Mrs. James Davidson, Mrs. Juel Lee, Mrs. Grover Lewis, Mrs. William Warrington.

Miss Rochefort Of Garden To Wed

Mr. and Mrs. Fred Rochefort of Garden announce the engagement of their older daughter Ila Marie, to William Carley, Jr., only son of Mr. and Mrs. William Carley of Muskegon. The wedding date has not been set.

Myrtle Beatson, room 259; Fred Benette, 251; Agnes Burke, 254; Margaret Dwyer, 257; John Edick, 209; Doris Ekholm, 159; Vernon Ihlenfeldt, 106; Frank Karas, 201; Georgiana King, 208; Ruth Klambunde, 204; Margaret Kranstover, 151; Vida Kuntze, 255; Florence Ladd, girl's gym; Donald McKie, 109; Julia Parsons, 253; Bonnie Porter, 203; William Puckelwartz, boy's gym; Lila Rusch, 107; Marjorie Shane, 155; Albin Starr, 206; Nancy Stewart, 207; Jessie Wick, 201; Erwin Wolff, 106; Albert Shomento, 201; and Clarence Zerbel, 207.

Calvary Baptist — Church Bible school, 9:45. Morning worship, 1

RAPID RIVER TO HAVE QUEEN

Girl To Reign At Deer
Hunters Ball On
Nov. 16

The Rapid River Lions club has decided to sponsor a contest to choose a queen for the deer hunters ball to be held under the auspices of the service club at the Dutch Mill Saturday night, Nov. 16.

The contest is open to all girls, 16 to 21 years of age, who reside in Masonville, Ensign and Bay de Noc townships. An entry blank appears elsewhere on this page. Girls wishing to enter the contest are asked to fill the blank and mail it to Ed Weseen, secretary of the Lions club at Rapid River, not later than Nov. 1.

The queen will be crowned at the ball, which will be held the night after the opening of the deer hunting season. Several girls also will be selected to serve as members of her royal court.

Ishpeming Police Chief Discharged

Ishpeming—Nestor Eckloff today was relieved of his duties as chief of the Ishpeming police department. Rudolph Swanson was named chief in his place, both actions effective immediately.

City Manager O. G. Holway this morning made the brief statement: "The change has been made for the good of the force."

There were indications, however, that Eckloff will not relinquish his post without demanding a hearing. He said he will recognize Swanson as chief and continue to do so until a "final determination has been made" at a hearing. Eckloff said he had requested Holway to present charges in writing.

Holway revealed that Eckloff, offered a post as patrolman, declared emphatically he would not accept "such an offer."

Eckloff came to the Ishpeming police force in May, 1922, and 10 years later, in May, 1932, he was named chief, a position he has held since.

Swanson was appointed to the force in May, 1924 and served on it for 22 years.

Cooks

Births

Cooks, Mich.—Mr. and Mrs. Leslie Middaugh are the parents of a daughter weighing 7 pounds 4 ounces born at the Shaw hospital, Manistique, Tuesday, Oct. 15th.

A daughter weighing 8 pounds 12 ounces was born at the Shaw hospital to Mr. and Mrs. Verner Nelson October 14th. Mrs. Nelson is the former Beatrice Wolfe, daughter of Mr. and Mrs. Gordon Wolfe.

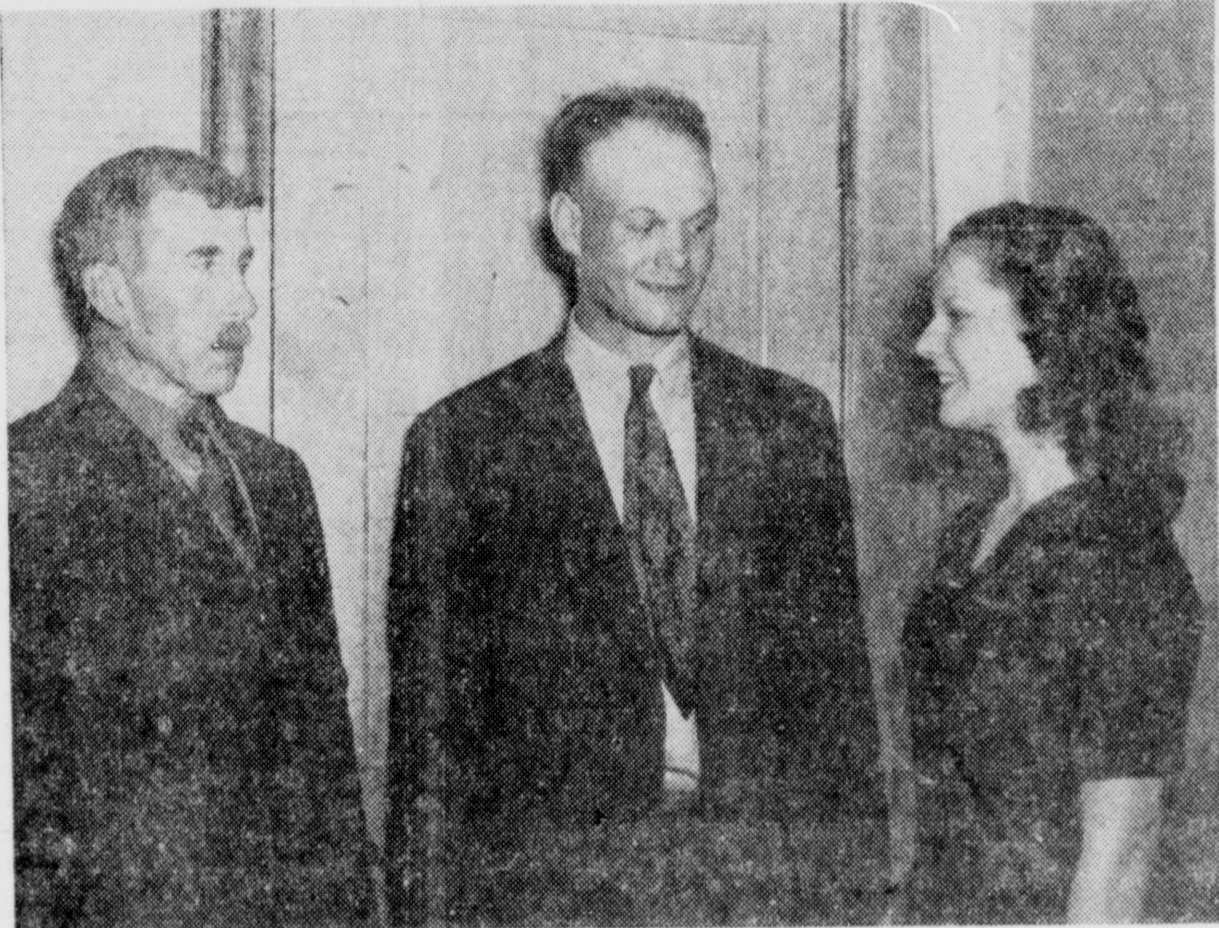

Personals

Robert Loveless and Lawrence Demars of Ypsilanti are visiting at the home of Mr. and Mrs. Arthur Demars.

Mr. and Mrs. Lawrence Wilson have returned from a trip to Lower Michigan.

Mrs. Jessie Gray is visiting friends and relatives in Manistique for a few days.

The Junior class of the local high school enjoyed a roller skating party at the rink in Manistique Tuesday night.

SPUD CHAMPS AND THE QUEEN — The Delta county potato kings, Jules Van Damme, of St. Nicholas, winner of the certified growers contest, left, and Frank Falkies, of Cornell, winner in the tablestock division, are pictured here

at the potato show party at Cornell Thursday night with Queen Harriet Vanderlinden, 16, daughter of Mr. and Mrs. George Vanderlinden, Soo Hill. Miss Vanderlinden, elected Delta county potato queen, will compete in the U. P. Potato Show queen contest at Iron River next week.

Dr. Witters Describes Alaskan Salmon Fishing

Ishpeming—Dr. Josef Witters, formerly of Gwinn and Nahma, who returned recently after spending three months in Alaska as physician-surgeon for the Columbia River Packing association, described some of his pictures, the area and his experiences there at yesterday's meeting of Town club.

Dr. Witters left in May, returning to Astoria, Ore., August 8. The freighter on which he was passenger carried 900 workers to Alaskan canning factories, including 100 Filipinos.

Canning plants are located on the Naknek river, flowing into Bristol Bay about 500 miles from the Arctic circle. The weather was favorable, he said, with warm days and cool nights.

Salmon Will Be Scarce

For the housewife he brought bad news. Salmon this year will continue to be scarce and high priced.

The fishing season was poor, production being little more than half of last year's volume.

Fishing in Bristol Bay is done with gill nets, no fish being permitted to be taken on Wednesdays and Sundays. This is to permit enough fish to escape to guarantee a run of salmon five years hence.

Fishermen are paid according to type of fish, and are paid by the number of fish they catch rather than by weight. Good fishermen, in the 20 days allowed for the fishing season, can make \$3,000, Dr. Witters said.

Bounty on Trout!

He brought sighs from the fishing gentry in his audience when he said: "In Alaska salmon is a pay crop and trout is not, so a bounty of five cents a trout tail is paid. We often went out and got

good trout for ourselves. The average size was 27 inches and if we lost one trying to bring it into the boat, nobody cared for we had another strike in a few minutes."

Mechanical preparation of salmon he said, is highly developed. The fish are brought into factories in powered scows when full tide comes in. They are washed out of the scow by water and fed by gravity to the mechanical equipment below. Machines take off heads, tails, and fins, and remove entrails.

Machine Does Packing

The Filipinos did the "slimming," or final cleaning of the fish. Then, at the rate of 250 a minute, a machine cuts the fish, packs it into one-pound cans, puts a teaspoon of salt in each can, crimps the cover of the can and prepares it for steam cooking. Cans go in for an hour and a half cooking, then are removed to the wharf for cleaning and cooling and are packed in cases of 48 cans each.

About 100 Eskimos and Indians also are used in the factory. Although there is a high incidence of tuberculosis among Eskimos, all

employed in the canning plant are examined before being permitted to work and all wear white gloves in the plant.

U. P. Briets

BACK WAS BROKEN

Menominee—The condition of Paul Anderson, 3-year-old flight instructor who suffered serious injuries in the crash of a Piper Cub plane near Birch Creek Monday which took the life of John Marston of Marquette, continues critical in St. Joseph's hospital, his physician reported today. He is in a semi-conscious condition.

The youth, a son of Mr. and Mrs. Clarence Anderson of Washington Island, is still suffering from shock and x-ray photographs have revealed that his spine was fractured in the crash but no injury to the spinal cord is indicated. Fractures of both ankles were reduced at the hospital Wednesday and the condition of his feet is reported satisfactory.

Anderson, who served as a B-29 bomber pilot in World War II, is a flight instructor for Pioneer Aviation, Inc.

The banana is one of the largest plants on earth not having a woody stem above ground.

LOGGERS MEET NOV. 1 AND 2

Timber Producers Will
Sponsor Congress At
Houghton

Houghton, Mich.—Friday and Saturday, Nov. 1 and 2, have been set as dates for the first Logging Congress sponsored by the Timber Producers' association of Upper Michigan and Northern Wisconsin in cooperation with the Michigan College of Mining and Technology. Registration will open in the Tech clubhouse here at 10:00 a. m. EST Friday. The Congress will end Saturday evening.

Its purpose is to provide interchange of information and views among men engaged in all aspects of the northwoods forest industries—forest land owners, loggers, sawmill operators, and manufacturers of wood products.

The program includes exhibits of equipment, forest products, and forest practices; demonstrations of new equipment for sawlog and pulpwood logging; talks by leaders of the industries represented; safety films; two luncheons, one cafeteria style and one barbecue; a dinner meeting; and a banquet.

Among the main speakers will be Director George Hunt of the U. S. Forest Products Laboratory at Madison. The Laboratory will also exhibit new methods of wood utilization. The demonstrations of new logging equipment will occupy most of the second day and will be held on the forest lands of the Copper Range Mining company near Painesdale.

Arrest Two Youths For Theft Of Wine

Two Nahma youths, 16 and 17 years of age, admitted the theft of 11 bottles of wine from the Bay de Noc clubhouse at Nahma Oct. 21 following their arrest by officers of the sheriff's department. It was reported yesterday by Sheriff William E. Miron.

Frank Mercier, 17, arraigned yesterday before Justice Henry Ranguette on the larceny charge, pleaded guilty and received a 60-day suspended sentence, and was placed on six months probation. The sheriff said the youth had never been in trouble before.

Eddie Paul, 16, now on probation from the Boys' Vocational School at Lansing, will be returned for violation of parole. He is being held in the detention home. The sheriff said that Paul has been arraigned in juvenile court several times in the past.

Placing a clean sheet on the floor under your ironing board saves damp trailing pieces from picking up dust.

Rapid River

PTA Meeting

Rapid River, Mich.—The first meeting of the Masonville township Parent Teachers Association will be held in the gymnasium Monday evening at 7:30. The program will consist of a discussion of the proposed Amendment No. 2, as it applies to the schools, a discussion of the hot lunch program for the year and a report of our delegates to the PTA convention held at Sault Ste. Marie on May 9. At the last meeting of the local PTA held in April it was voted to join the National organization.

Officers elected were Mrs. Grace Burnette, president; Mrs. Ruth Pearson secretary and R. P. Bowser treasurer. Mrs. Grace Burnette and Mrs. Ruth Short were elected as delegates to attend the 29th annual convention of the Michigan Congress of Parent-Teachers association held at Sault Ste. Marie.

Lunch will be served. It is very important that every family be represented at this meeting if at all possible. The matters that are to be discussed are of vital importance and each family should be represented.

R. N. A. Met

The Royal Neighbors held their business meeting for October, Tuesday evening at the home of Mrs. Maria Lindberg in Masonville. After the business was concluded a social evening was spent. Mrs. Jennie Durancieu winning the evening award, which was donated by Mrs. Ellen Hytinen. The next meeting will be held at the home of Mrs. Emma Groleau.

Personals

Mrs. William Belland is ill at her home.

Mrs. Maggie Labumbard of Gladstone visited last week at the Ray Labumbard and Louis Thibault homes.

Carl Mosier has purchased the Andrew Bannister home and expects to move there the first of next week.

SOME HAUL

Part of the loot of bandits in the neighborhood of Sydney, Australia, a few years ago, included a brick wall, 30 feet long and six feet high, all except the frames of 20 railway locomotives, and part of a church.

COUNTY-SCHOOL TAX TOTAL UP

Rate Increases 72 Cents
Per \$1,000 Because
Of Higher Levy

Escanaba property owners will pay 72 cents per \$1,000 assessed valuation more in county, school and school debt service taxes this year than last because of increased total levy, according to figures from the office of City Clerk Carl E. Anderson.

The county-school tax rate for 1945 was \$21.38 per \$1,000 assessed valuation, and for 1946 it will be \$22.10, or an increase of 72 cents.

The tax rate as it will appear on the tax bills is based on the city's assessed valuation, which is considerably lower than the 1946 equalized valuation set by the state tax commission. The levy is spread on the higher equalized value, and if the rate also were based on that value it would be within the 15 mill tax limit.

Only the schools will receive a larger levy this year in the city of Escanaba, while the county will take a cut of \$1.932. The schools, not including debt service, will receive \$20,857 more than they did last year. This is the result of a higher millage allocation given the schools, with a corresponding reduction in county millage by the

county tax allocation commission last spring.

The county's share of taxes levied in the city will be \$80,176 and the county rate \$8.22 per \$1,000 valuation. The schools' levy is \$106,484 and the rate \$10.92, while the school debt service is \$28,880 and the rate \$2.96.

The total county, school and school debt levy for 1946 is \$215,541 compared with the 1945 total of \$196,325.

These levies are spread on the city's equalized valuation, which is \$12,527,632. It was increased to that figure by the state tax commission from an assessed valuation for the city of \$9,792,925.

"THE BIRDSEYE BAR"

WHERE OLD FRIENDS MEET

THE HOTEL SHERMAN

ESCANABA

Here are just three ways your smart-as-tomorrow Gas kitchen releases you from time-wasting mealtime drudgery.

① **It cuts out cooking chores...** Your new Gas range is so automatic it thinks for itself... turns on and off... cooks a delicious meal—all by a simple clock control! Makes every food taste better, too... whether it's a feather-light cake from the air-conditioned oven—a flame-roasted ham from the smokeless broiler—or a tasty stew from thrifty simmer top-burners. For nothing else brings out flavor like the flame. And nothing else equals the speed, ease and flexibility of flame-cooking on a new automatic Gas range built to CP standards!

② **It cuts out marketing monotony...** Your new economical, silent Gas refrigerator is streamlined inside and out! Arranged to store more foods (frozen foods, too!)...filled with constant circulated cold to keep them fresh longer. Best of all—there are no moving parts in the freezing system to wear out!

③ **It cuts out hot water headaches...** Your new automatic Gas water-heater simply ends "run-cold" worries! Gives you gallons of uniformly hot water 24 hours a day... replaces the supply so fast there's plenty even for an automatic dishwasher and laundry. Amazingly thrifty, too! Plan for it now in your own "New Freedom Gas Kitchen"! How about stopping in, today?

COWELL BLDG. **MUNISING** PHONE 162**HALT WOODS OPERATIONS****Boggy Forest Roads Causes Timber To Pile Up**

Munising—Woods operations in this area are at a virtual stand-still due to over production, Walter C. Meyland, manager of the USES office here, said yesterday. Boggy roads, he added, have also cut down the number of long and short hauls that can be made and it is expected that full operations will not be resumed until there is a freeze-up.

If a heavy snowfall occurs before the ground freezes, the supply of cut timber which has built up due to the bad travel conditions, could not be moved until spring, Meyland said.

Lumberjacks laid off because of the curtailment in forest products due to increased overproduction, however, are being absorbed by other industries in Alger county, he mentioned.

Meyland bases his report through personal contact with logging operators in Alger county and also by the many new and additional Michigan Unemployment Compensation claims filed in the local office of USES.

Mather Seniors To Entertain Trojan Football Guests

Munising—The Mather high school senior class will entertain the Trojan football team of St. Joseph high school, Escanaba and their rosters at a dance to be held at the Knights of Columbus hall from 8:00 to 6:00 o'clock Saturday afternoon.

The dance had previously been announced to be held also in the evening and at the school gymnasium but is now to be held only in the afternoon and at the K of C hall.

Music will be provided by a juke-box.

SUSANNAH SOCIETY MEETS

Munising—The Susannah Society of the First Methodist Church will hold a meeting in the church parlors on Wednesday, October 30 at 7:45 instead of on Tuesday as previously planned.

Deviations will be lead by Mrs. Fred Koenig followed by a review by Mrs. Carl Hartman of the second chapter of the society's current study book "Christian Motive".

Members are requested to bring an article to work on during the evening in preparation for the bazaar to be held on November 8.

A potluck lunch will be served following the meeting.

TRAIN, NOT A TAIL

The peacock does not have a long tail. Its display feathers are formed by the upper tail coverts, and from what is properly known as a train.

Postman Will Ring Twice If Veteran's Check Is In Mail

Munising—War Veterans: If the postman rings twice run for the mail box. Your terminal leave check will have arrived.

That's the advice of Postmaster Edward Gerry, who fears thefts.

"The checks are being mailed in large manila envelopes, easily identified," he says. That's why he has ordered carriers to push the doorbell button twice when they have such an envelope.

Merchants should use caution in cashing checks. Obtain proper identification and write the type of identification used on back of check should it be returned as a forgery, it would serve to refreshen your memory.

MUNISING BRIEFS

Rev. Einar Soderberg and Jack Raymond visited in Escanaba Friday afternoon.

Edmund Erickson, manager of the Munising office, Escanaba Daily Press, is leaving this morning to spend a week's vacation visiting in Chicago and Bloomington, Ill.

Mr. and Mrs. John Keeton have returned from Mitchell, South Dakota where they spent a week pheasant hunting.

Andrew Soukup visited with friends in Chatham on Thursday. Superintendent of Grand Marais schools, attended the Luce-Alger county teachers convention in Munising Friday.

H. B. Cowdick, head of the Marquette weather bureau station and supervisor of the Upper Peninsula observation stations, was in Munising Thursday inspecting the local station and conferring with Albert Oas, local observer.

He also visited with Edmund and Stanley Erickson.

Mr. and Mrs. Charles Symon and son John visited in Marquette Friday afternoon.

Representative Fred Bradley visited the Republican Headquarters in Munising in the interest of the party ticket Thursday evening.

Mr. Bradley stopped in Munising enroute to Escanaba.

Drama Club To Hold Meeting On Monday

Munising—Mrs. James H. Deacon will review the book "The Egg and I" by McDonald at a meeting of the drama club to be held Monday, October 28 at the home of Mrs. Charles Clement of Shingletown.

The Mesdames Charles and Keith Clement are the hostesses for this meeting which will begin at 8:15 in Shingletown.

Members having cars are requested to "share their ride" with those members who do not have a means of transportation.

LIGHTNING ODDITY

A bolt of lightning unhit a team of horses from the farm wagon of G. W. Park, Kidder, Wis., and the horses bolted for home, leaving Mr. Park to walk home.

MUNISING CHURCHES
Methodist—Rev. Einar Soderberg. Sunday school 9:45. Morning worship 11 a. m. Reformation Sunday Special sermon by pastor.

Sacred Heart—Masses, 8, 9:30 and 11. Saturday, confessions, 3 to 5 and 7 to 9 p. m.

Munising Baptist—Rev. Malcolm Van Antwerp. Sunday school, 10. Morning worship, 11. Evening worship, 7:30. Services held in the new church, 601 West Superior street.

First Presbyterian—Rev. Frederick T. Steen. Sunday school, 9:45. Morning worship, 11.

Eden Lutheran—Rev. H. A. Larson, pastor. Sunday school with Bible classes, 9:30 a. m. Morning worship, 10:30. Luther League Rally—meetings at 3:00. Rev. Dahlgren of Sault Ste. Marie, speaker and at 7:00, Rev. Jetty of Newberry, speaker.

Van Meer Baptist—Rev. Warren Jolls, pastor. Sunday services. Evening service, Van Meer church, 7:30 o'clock.

Pilgrim Holiness—Rev. Harold Rickner, pastor. Sunday school, 10. Morning worship, 11. Evening service, 7:30.

Limestone—(American Sunday School Union)—Worship service at 2 p. m. with the Rev. Gerald Bowen, missionary-pastor.

Luther Leagues Hold Fall Rally Here On Sunday

Munising—The fall Luther League Rally of the Ishpeming-Green Bay District will be held here at the Eden Lutheran church on Sunday, October 27, it was announced today by Rev. H. A. Larson, pastor of the local Lutheran church.

A meeting at 3:00 o'clock in the afternoon, followed by a banquet at 5:30 p. m. and a meeting at 7:00 o'clock in the evening will constitute the day's activities. The banquet will be served to the Luther Leagues by the Ladies Aid of the local Eden Lutheran Church.

Rev. J. Elmer Dahlgren of Sault Ste. Marie will address the delegates at the 3:00 o'clock meeting and Rev. John Jetty of Newberry will speak at the evening session, it was announced.

About one hundred delegates are expected to attend the rally, representing Luther Leagues of Ishpeming, Negaunee, Skandia, Marquette, Newberry, Sault Ste. Marie, Cedarville, and St. Ignace. A delegation from Green Bay is also expected.

Arrangements for the rally are being made by the local Luther League of the Eden Lutheran Church.

Firecrackers Took Six Lives In 1946

Chicago—File and remember on next Fourth of July:

Six lives were needlessly sacrificed and 903 injuries inflicted during July Fourth celebrations this year, the American Medical Association reports.

The situation has improved greatly since 1939 when there were more than twice as many needless deaths and more than eight times as many needless injuries due to firecrackers and other fireworks and explosives set off to celebrate the Fourth of July.

Efficiency Rules Maids In Bogota

Bogota (AP)—That police officers here are forbidden to speak to women, "especially to maid-servants" while on duty, was revealed recently by director general Carlos Vanegas.

Obituary

ALBERT OLSON
Funeral services for Albert Olson, Ensign township, fatally injured when struck by an auto Sunday evening, were conducted Thursday afternoon at the home of his brother in Ensign township by the Rev. Clifford Peterson, pastor of the First Lutheran church, Gladstone.

During the rites a girls' sextet from Rapid River sang "Sweet Bye and Bye" and "Have Thine Own Way Lord." Pallbearers were Axel Tyberg, Victor Anderson, Gunnar Johnson, Gunnar Seberg, Oscar Tyberg and Harry Johnson. Burial was in the Rapid River cemetery.

The Kelley Funeral Home was in charge.

JACK QUISTORF
Funeral services for Jack Quistorf, 23, World War II veteran who was fatally injured in an auto accident Sunday night, are to be conducted Sunday afternoon. Military honors will be accorded the veteran.

The body will rest in state at the Kelley Funeral Home beginning this afternoon and will remain until an hour before the rites when it will be removed to Memorial Methodist church.

Funeral services will be at the church at 3 o'clock with the Rev. Glenn Kjellberg officiating.

Pallbearers will be Albert Tyberg, Clay Holm, Hal Id Mackie, Jack Krout, Loren Holm and Howard Quistorf.

An honorary escort composed of veterans of World War II will be formed by Alton Hoover, Billy

DEATH CLAIMS MRS. BUSHONG**Private Funeral Service To Be Held Probably On Monday**

Mrs. Bernice Bushong, widow of the late J. Paul Bushong, passed away at 7 o'clock yesterday morning at her home, 706 Wisconsin avenue.

Mrs. Bushong, nee Bernice Bowen, was born in Manitowish in 1887, a daughter of Dr. O. C. Bowen and Ella Pease.

Her marriage to J. Paul Bushong was solemnized in 1910 and she had resided in Gladstone since Mr. Bushong passed away in 1935.

Surviving are one daughter, Mrs. John (Alice) Fawcett of Escanaba and two grandchildren.

Mrs. Bushong was a member of the Christian Science church.

She was prominent in the life of the community, belonging to the Child's Welfare club, the Cotterie, the P. E. O., and Minnawasca Chapter No. 96, Order of the Eastern Star. She was also a member of the Gladstone Girl Scout council and was very active in the movement.

Funeral services have not been definitely arranged but it is probable that services will be held on Monday. Rites will be private. It has been requested that flowers be omitted.

Briefly Told

ORC Meeting—A regular meeting of the Order of Railway Conductors is to be held Sunday morning at 9:30 o'clock in the Eagles hall. Convention reports are to be given and George Stecker, secretary-treasurer of the local brotherhood, urges every member to attend.

Confirmation Class—The confirmation class of St. Paul's Lutheran church meets this morning at 9 o'clock in the parlors of the church for instruction.

Attend Mass—The Intermediate and Brownie Scouts will attend mass in a body on Sunday morning at All Saints Catholic church at 8 o'clock. They will also receive Communion at this time.

Guest Preacher—The Rev. James Bell of First Presbyterian church, Escanaba, will occupy the pulpit of Memorial Methodist church on Sunday as a feature of the observance of Reformation Sunday, while Rev. Kjellberg will speak in his pulpit. The Junior choir, directed by Mrs. Lorraine Murphy, will make its first appearance of the fall season.

Ketchum, John Lundmark, Earl Tossignant, Harold Sjoquist and Tony Gillis.

Legionnaires will assist in the military portion of the funeral. They are requested to report at the Legion hall at 2 o'clock Sunday afternoon. World War II veterans are asked to wear their service uniforms.

MRS. LUCY COLLINS
Funeral services for Mrs. Lucy Collins were conducted yesterday afternoon at Trenary Episcopal church by Rev. James G. Ward, rector.

Members of Minnawasca Chapter, Order of the Eastern Star, of which the deceased was a life member, attended in a body.

During the rites Noble Swenson sang "Lead Kindly Light" and another hymn accompanied by Mrs. H. J. Skogquist.

Serving as pallbearers were James T. Jones, Claude E. Hawkins, A. D. Harris, R. L. Simpson, Walter Tang and John P. Vogt. Burial was made in the Gardens of Rest.

The Kelley Funeral Home was in charge.

CARD OF THANKS

We wish to express our heartfelt thanks for the assistance and sympathy tendered us at the time of the death of my beloved brother, Albert Olson. The memory of these many wonderful acts of kindness will ever remain with us.

Mr. and Mrs. Oscar Olson, Ensign, Michigan

A Proclamation

Whereas, the Post Office Department at Washington is sponsoring National Air Mail Week from October 27 to November 2, 1946, and,

Whereas, the development of air mail is and has been of great importance to the business concerns and the people of this city, and,

Now Therefore, I, Fred J. Schram, Mayor of the City of Gladstone, do hereby designate the week of October 27-November 2 as Air Mail Week for all citizens and do call upon our people to make proper observance of this week by liberally patronizing the air mail and otherwise evidencing their appreciation of the efforts of the Post Office Department to provide this necessary service for our city.

Done at the City of Gladstone this 25th day of October in the year of our Lord one thousand nine hundred and forty-six and in the one hundred and seventy-first year of our American independence.

Fred J. Schram,
Mayor.

PLAN CARNIVAL ON HALLOWEEN**Annual Event Will Be Staged Thursday At School**

Next Thursday, October 31, Gladstone high school will again sponsor its annual Halloween carnival under the direction of the Student Council.

In order to eliminate to some extent crowding of the gymnasium which has marked other carnivals, there will be a movie show in the assembly room and a fish pond in the main hall of the junior high building as well as activities in other parts of the school.

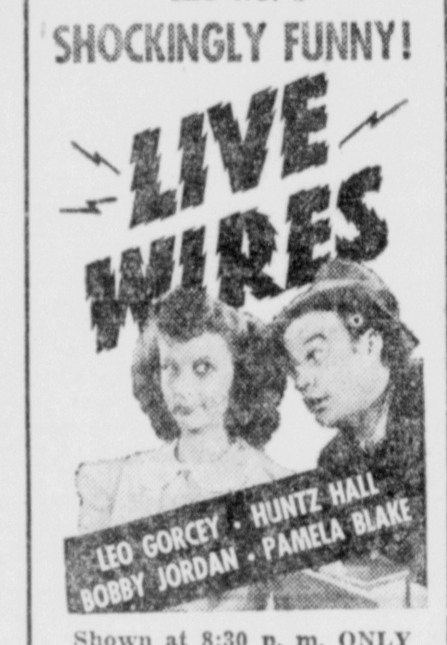

Skits and concessions will be in the gym.

Senior girls will sponsor a spook show and will also have charge of a make-up booth. The Freshmen are having a freak show. Juniors plan on conducting a passenger service.

While there will be no general admission fee and all are invited, there will be a nominal fee for entry into the gym to see the skits.

DAILY PRESS BLDG.
111 Cedar StreetPLAN PARTY
FOR CHILDRENLincoln PTA and Faculty
To Conduct Fete For
Halloween

To help youngsters attending Lincoln school enjoy all the witchery of Halloween with a minimum of the pernicious mischief that often goes with it, the Lincoln PTA, with the teachers of that school are presenting an all-school party on the evening of October 31.

The activities will start with a parade at 7 o'clock in the evening, when the youngsters, led by the Manistique high school band, will march down Deer street. The children are asked to "dress up" for the occasion—not in their best Sunday school clothes, but as witches, goblins, spooks or ragamuffins so as to give the parade a true Halloween touch.

Returning from the parade, the group will assemble at the Lincoln school gymnasium where those having the most quaint, the prettiest or the funniest costumes will receive prizes.

Following this the children will reassemble in their own school rooms where treats will be issued. The public is invited to attend and parents, particularly those of the small children, are urged to present so as to assure safe and prompt return of the children as soon as the activities are over.

This is the fourth year that these Halloween parties have been held at the Lincoln school.

Church Services

St. Peter's Lutheran—Sunday morning 10 o'clock, Reformation Day services. The treatment of the "95 theses" of last Sunday will be followed in this service by a consideration of another of Luther's important writings.—The Rev. S. Hillmer, pastor.

Sermon: "Stemming the Flood of Alcohol." The day is set aside as Temperance Day stressing enlightenment and action against liquor.—The Rev.

Schoolcraft County MEA
Voted Active Support
Of Amendment Number 2

Active support of Amendment No. 2 in the coming election, by members of the school faculties in the county, was urged at a meeting of the Schoolcraft county sub-division of the MEA held in the high school Thursday evening.

It was emphasized that this measure, which would make available for use by schools of the state a portion of the sales tax revenue, would greatly alleviate the "problems of school finances which are of late so hard to solve." John Lemmer, superintendent of Escanaba schools, among those discussing the proposed amendment, stated that the chief opposition encountered thus far has been from politicians who do not like to see these funds taken from their control. Much opposition is also voiced by spokesmen of state institutions who fear that the earmarking of these funds will curb the use of money for their needs. Supt. Lemmer stated that these fears were groundless as only a minor fraction of the sales tax funds are to be turned over to use by schools. He cited a letter from Gene Elliott, state commissioner of public instruction, who, while declaring his neutrality on the question admitted that the schools of the state are badly in need of added funds.

Bert Henne, of the Escanaba school faculty, lectured and presented colored slides to show how serious is the picture of school finances, and Charles Folio, also of Escanaba, urged that every effort be made to bring the urgency of

Harold Martinson, pastor.

Presbyterian Church of the Redeemer—9:45 a. m. Church school. 11 a. m. Morning worship. Reformation Sunday will be observed.—The Rev. W. W. Harvey, pastor.

Gould City Presbyterian Church—2:30 p. m. Sunday school. 3:30 p. m. Worship service.—The Rev. W. W. Harvey, pastor.

Fernland Mennonite (Germfask)—Bible classes, 10. Message hour, 11. Evening worship service, 7:30 p. m.—The Rev. Chester C. Osborne, pastor.

Curtis Community Church—7:30 p. m. Evening worship will be conducted by the Rev. William W. Harvey of Manistique.

St. Francis de Sales (Catholic)—Sunday masses at 6, 8, 10. Confessions on Saturday at 3 and 7 p. m.—The Rev. B. J. P. Schevers, pastor.

Bethany Baptist Chapel (Gulliver)—Sunday school, 10:30 a. m. Morning worship, 11:15 a. m. Sermon: "Give Attendance to Reading." Evening service, 8 p. m. Sermon, "Looking Ahead"—The Rev. F. Curtis Peterson, pastor.

First Baptist Church—Morning worship, 10 a. m. Sunday school, 11:15 a. m. Evening service, 7:30 p. m.—The Rev. J. D. B. Adams, pastor.

Congregational - Christian—Cooks Sunday school, 1:30 EST. Cooks worship service, 2:30 EST. Isabella worship service, 4 p. m. EST. Serge F. Hummon, pastor, will preach "On Being a Protestant Today."

Woods Community Presbyterian—Rev. and Mrs. Nile C. Byers of Hiawatha will be in charge of the morning worship service. Sunday school at 10 a. m. Morning service at 11 a. m. Topic for the morning service will be "Come Unto Me" by Rev. Violet Byers.

BISHOP URGES
COOPERATIONStresses Need Of All
Working Together
For Community

Cooperation of the shopkeeper, the cafe and tavern owner, the filling station attendant and everyone else with whom the summer tourist or the big game hunter comes in contact was emphasized as fundamental in the building up of any resort area, by George Bishop, secretary-manager of the Upper Peninsula Development Bureau in a talk given at the court house Thursday evening.

Mr. Bishop's talk was given at the first of a series of four tourist and industrial clinics sponsored by the State Board of Vocational Education in cooperation with the Manistique-Schoolcraft Chamber of Commerce.

Mr. Bishop, in the course of his talk alluded to a number of local instances where inability on the part of clerks and waitresses to give tourists such simple information as how to get to the next town and the distance there, had gone the community a disservice.

He also urged that people of this area put a proper valuation upon the assets of the region. He used the Big Spring as an illustration for his point. For years people gave little thought to this natural wonder, he said. Then along came "my friend, John I. Bellaire." He enthused over it, glamorized it, investigated and compiled much Indian lore concerning it. Manistique people laughed, but eventually they realized that "John I." had something there. The place is now a beautiful state park visited by tens of thousands of people every year.

Due to inclement weather and several other meetings of importance scheduled at the same time, there was but a small attendance at the meeting.

The next clinic will be held at the court house on the evening of Thursday, October 31, the nature of which will shortly be announced.

Troop 462 is now in preparation for the court of honor to be held in November in Garden. Other units of Manistique, Troops 461 and 460, will also participate in this event.

An Appeal

Mrs. Lottie Weber, county agent, is making an appeal for clothing for a two year old boy and a girl of four. The children are being cared for by the county until their custody is fully established. Clean and serviceable clothing of any kind will be accepted to tide over the children's needs for the time being.

Ed W. Gray To Be
Sticker Candidate
For Sheriff Office

Ed W. Gray, who was Republican candidate for sheriff in the recent primaries, announces that he will seek election in the coming campaign via the sticker method and will ask voters to write his name upon the ballot or paste printed stickers in the required space.

JET-PROPELLED FISH

Jet propulsion was used by fish long before man ever hit upon the idea. Fast-swimming ocean species increase their speed by ejecting water, rocket-fashion, through the gill openings.

Helen Burnis
And Paul Perry
Exchange Vows

Miss Helen Pauline Burnis, daughter of Mr. and Mrs. Marcus Burnis, North Houghton avenue, became the bride of Paul Joseph Perry, of Manistique, son of Mr. and Mrs. Jacob Perry, of Detroit, at a double-ring ceremony performed on Monday, October 21, in St. Francis de Sales church. The vows were exchanged before the Rev. Fr. B. J. P. Schevers at an 8 o'clock nuptial high mass.

The traditional music was played during the ceremony. The bride's brother, Marcus Burnis, and a cousin, Joseph Frankovich, and the bridegroom's cousins, Clifford Weber and Jack Schurer served at the altar, which was decorated with autumn flowers.

The bride wore a lovely gown of white net, fashioned with a sweetheart neckline and a fitted bodice. She wore her mother's long length veil. Her only jewelry was a string of pearls, a gift of the groom. She carried a colonial bouquet of red roses and white baby mums. The bride was attended by her cousin, Miss Angela Frankovich, who wore a gown of cream colored crepe, and carried a bouquet similar to that of the bride. Kenneth Weber, cousin of the bridegroom, served as best man.

Mrs. Burnis chose for her daughter's wedding a brown dress with brown accessories.

A wedding breakfast and dinner were served at the home of the bride's parents for members of the immediate families. A three-tiered pink and white wedding cake, topped with a miniature bride and groom, centered the table.

The young couple left for a honeymoon trip to the Soo and Lower Michigan, the bride wearing for traveling, a gold colored suit with black accessories. Upon their return they will make their home on Range street.

Both are graduates of Manistique high school, Class of 1945. The bride is employed at the D. M. Creeger store, and the bridegroom is employed with the Inland Lumber and Stone Co.

Out-of-town guests at the wedding were: Mr. and Mrs. Jacob Perry, Detroit; Mr. and Mrs. Mike Perry and Joseph Perry of the Soo.

Social

Bridge Club

Mrs. A. W. Cockram entertained members of her bridge club on Thursday evening at her home on Walnut street.

Mrs. John Kelly received high score for the evening, and Mrs. James Fyvie second.

Refreshments were served later.

Hahne-LaMuth

Miss Mayme J. Hahne, daughter of Mr. and Mrs. Fred Hahne of Manistique, became the bride of Joseph E. LaMuth, son of Mrs. Barbara LaMuth, also of this city, in a ceremony performed Saturday, October 19, in Escanaba. The service was read by Justice of the Peace Henry E. Ranguette at 4 p. m.

Attending the couple were Mr. and Mrs. Clarence LaMuth.

Mr. and Mrs. Francis Kotila and daughter, Karen, of L'Anse, visited here recently with Mrs. Kotila's parents, Mr. and Mrs. Dan McPhail.

Why We Like To
Recommend

Shell Fuel Oil

It's natural for new users to ask us, their fuel oil burner dealer, what fuel we recommend... what we use ourselves.

Years ago our answers weren't very helpful to our customers. Today it's different. We use SHELL FUEL OIL ourselves and we know.

We know that for clean, dependable and economical fuel you can't beat SHELL.

And we know too, from having made a study of our product, that Shell Fuel Oil is made with as much care as is Shell Gasoline. We happen to know that shell uses a special chemical filtration process and they check fuel oil thirty times between laboratory and oil burner. That means less trouble from clogged jets.

We use it. We recommend it.

Unbeaten Marinette Plays Here Today; Trojans At Munising

ESKYMOS FACE UPHILL BATTLE

Reserves Play Preliminary At 12:30; Main Game At 2:00

The classiest football team to perform at Escanaba this year in opposition to the Eskymos will trot out on the Escanaba athletic field this afternoon when the undefeated Marinette Marines strut their stuff against Coach Ruwitch's lads in the feature game of a two-game billing. The feature battle will start at two o'clock and the reserve teams of the two schools will play a 12:30 preliminary. The game is the last of the season for the Eskymos on their home field as they will conclude their schedule next Saturday at Gladstone.

Both Belanger and Goymerac, Escanaba halfbacks and end who were out of action the past two weeks, will be ready for service today. Coach Ruwitch announced yesterday, Goymerac will start at right end and although Belanger will be out of the starting lineup, he will undoubtedly get into action.

The starting lineup follows: Friets, left end; Schmelzer, left tackle; Gardner, left guard; Buckland, center; Bichler, right guard; Schils, right tackle; Goymerac, right end; Johnson, quarterback; Peterson and Smith, halfbacks; Gustafson, fullback.

There has been no definite word from Marinette concerning whether Frosty Parish, regarded by many critics as Wisconsin's outstanding prep halfback, will be available for service today against the Eskymos. He has been nursing an ankle injury all week. Parish is an amazing passer, a lad who can toss the leather 50 yards while on the dead run and even though Glenn Johnson, his running mate, is also an exceptional passer, there is no doubt that Marinette would miss Parish keenly if he is sidelined by injuries.

The game shapes up as a battle between Gustafson's power smashes as the principal offensive weapon for the Eskymos and the slippery, unpredictable speed of the Marinette backfield.

The Marines are practically an unanimous favorite to defeat the Eskymos, but the Ruwitchmen are not ready to make that concession.

Officials will be Hiney, Vanni and Rudness, of Negaunee.

Softball Banquet To Be Wednesday

The Escanaba Softball association annual banquet, originally scheduled for Oct. 31, has been moved up to Wednesday, Oct. 30 to avoid conflict with Halloween activities. George LaCrosse, chairman, has announced. The affair will be held at the Sherman Hotel and all softball players, team managers, sponsors, officials and fans are invited to attend.

Harold P. Lindsay will be toastmaster of the affair and George Grenholm will be the principal speaker.

Harry Gafner Says

You can exercise away those unnecessary pounds and have fun at the same time, if you bowl regularly. For enjoyable, healthful fun, join your friends here tonight.

Reins On First String, Gladstone Braves Beat Stephenson By 26 To 13

Gladstone, Mich. — With the first string playing only a small part of the game, the Gladstone high school Braves rolled to a 26-13 score for their sixth consecutive victory of the season at Marble Athletic Field here yesterday afternoon.

The game was only a few minutes old when Gladstone scored the first touchdown. Stephenson received and unable to gain punted to Gladstone's 40. With LeGault, Young, Bizeau and Lessard carrying the ball they chalked up two first downs and then LeGault rounded right end and scampered 24 yards to pay dirt. Valind's attempt for extra point by placement was blocked.

Stephenson was held again after receiving and a pass was intercepted by Williamson on the 48. LeGault dashed 16 for a first down on the 36 and Young slashed through for another on the 26. Lessard went the rest of the way for the second touchdown. The pass from center went over the head of the kicker and the try

Upsets Cut Down Forecast Average

New York, Oct. 25 (AP)—Having become entangled in last week's wave of upsets, this football forecast plunges into the sixth Saturday of scintillating surmises with a slumping average of .789 on 186 correct predictions, 47 misses and 12 ties.

Second String Takes Over

Stephenson again received and unable to gain punted and the Braves began biting off yardage again only to bog down. LeGault sent a nice spiral out on the 10. The Braves chalked up a first down on the 30, another with the aid of a penalty on the 15 from which point Young crashed through for the third touchdown. Bob Johnson kicked the extra point and the Braves led 10-0.

Coach Keil had been substituting freely and by now the entire second string was in action.

Play for the remainder of the quarter was fairly even with Gladstone threatening once when Moreau intercepted a pass and went to Stephenson's 28 before being downed.

The second stringers were still in the lineup when the third period opened. The kickoff was downed on the 20 and Lessard made a nice run of 22 yards to the 42. Held, the Braves kicked and the punt slithered off the toe of the kicker and traveled only two yards before going out of bounds. Stephenson was unable to gain but on the punt the kicker was roughed giving them a first down on the 44. Sandin went 22 yards to the 22 and then passed for a first down on the 11. Apparently stopped at the line, Sandin reversed and dashed across the goal. The try for point failed.

Moreau picked up a fumbled kickoff and after going 30 yards on his own picked up some blocking that carried him to Stephenson's 42. Siebert and Moreau took it to the 28 but the Braves were forced to punt and Sandin returned it to the 30, the point from which it was kicked.

Following an exchange of punts and fumbles Stephenson had possession on their own 45. Three successive passes by Sandin were good for a first down on the 14 and Sandin then knifed through for 11 and a first down on the three. He was held for a yard gain and then Schuette took it over on a quarterback sneak. The placekick was good and the score was 19-13.

The Gladstone first string came back in but could not get rolling and was forced to kick. Stephenson began passing again and Johnson intercepted one on the 30 and dashed down the sideline for another score. The placement for extra point was good and Gladstone led 26-13.

Stephenson received and Sandin went from his own 30 to Gladstone's 35 as the game ended.

Gladstone played without the services of Capt. Timmer and Jugo, tackles, Butler, the center, and Fullback Gillis, who have been on the injured list.

Lineups: Stephenson E. Gladstone Hansen E. Johnson Cappaert (c) T. Kuchan Trehey G. Rose Luisier C. Williamson LaPointe G. Sarasin LeRoy T. Hart Peterson E. Thivierge Schuette QB Bizeau Sandin LH LeGault Philippe RH Lessard Thilke FB Young

Officials: Gunderman, referee; Bartels, umpire; Baldwin, head linesman.

Spartans Slight Favorite To Win Over Cincinnati

East Lansing, Oct. 25 (AP)—Michigan State college was prepared for its second dose of T-formation football today as the University of Cincinnati invaded Macklin Field Stadium with over 20,000 fans expected to be on hand.

State, on the basis of its 19-6 upset victory over Penn State last week, was rated a slight favorite. The Bearcats rolled over Ohio University last Saturday, 19-0.

Weight in both the backfield and line favored the Ohioans. Cincinnati's averaged 208 pounds to State's 200 and the Bearcat backfield shaded the Spartans', 194 to 185.

The Spartans were expected to answer the opening whistle with seven lineup changes from the eleven which started the last home game against Mississippi State here two weeks ago.

TCU NOSED, 7-6

Oklahoma City, Oct. 25 (AP)—Texas Christian university, riddled with injuries and designated as the underdog, outplayed the Oklahoma Aggies for 53 minutes tonight, but were edged in the final minutes 7-6.

answer the opening whistle with seven lineup changes from the eleven which started the last home game against Mississippi State here two weeks ago.

CRUCIAL BATTLE AT ANN ARBOR

Ann Arbor, Mich., Oct. 25 (AP)—Illinois and Michigan, high in the Big Nine football scramble, tangle here tomorrow in a Western Conference game rated "crucial" in the title hopes of both.

For the second time in three Saturdays, Michigan Stadium's 85,938 seats all will be filled for the 32nd renewal of a colorful series dominated for the last six years by the Wolverines.

Michigan, beaten only by Army and tied by Northwestern, was expected to rely heavily on its ground game in an effort to maintain its unbeaten status in the Big Nine, protecting its hopes of sweeping on to its first undisputed championship since 1933.

Fullback Bob Wiese, the Wolverines' only consistent ground gainer last week against Northwestern, again was expected to spearhead an attack featured also by the running and passing of Left Halfbacks Bob Chappuis and Gene Derricotte.

Illinois, already downed by Indiana in the conference, faced a last ditch fight to remain in the title picture. Another defeat would virtually eliminate the Illini from the championship scene.

Michigan's defense, punctured regularly by Northwestern's hard running backs, was primed to stop Illinois' widely-feared Claude (Buddy) Young and Julie Rykovich, whose "breakaway" threat is combined with Perry Moss' pass-pitching in a well-balanced Illinois "T" formation attack.

Illinois' big line, averaging 204 pounds a man, figured to hold a 17-pound drag in the weights.

The kickoff was set for 2 p. m. (Eastern Standard Time).

Probable lineups: Illinois Pos. Michigan Zatkoff LE Ford Kasap LT Hilken Prymuskus LG Tomasi Donoho C J. T. White Agase RG Kraeger Franks RT Pritula Owens RE Madar Moss QB Yerges Dufelmeier LH Derricotte Young RH P. White Steger FB Wiese

EMERALDS IN GRAND FINALE

Record Crowd To Be On Hand For Game With Graveraet

Manistique, Mich.—Buoyed up by the assurance that the whole town is back of them, Manistique Emeralds are winding up the football season ready to accept nothing but victory against their opponents, Graveraet High school of Marquette.

And should the tide of the battle go against them, the hundreds of fans who will witness the fray will have the assurance that Jerry Thompson's kids put everything they had into the game.

Fifteen hundred tickets have been put into circulation in the past week and it is highly probable that there will be a complete sellout before the game.

Injuries to two first string players will handicap the team to a certain degree. Pat McNamara, sub for Minor, is out with a broken shoulder bone and Shaw is still suffering from his injured foot. He will, however, be in uniform and play for one or two short periods.

The probable lineup for the day will be: Lamour, LE; Klagstad, LT; Duquette, LG; Strasser, C; Carlson, RG; Swanson, RT; Harbick, RE; Daugherty, QB; Schuster, LH; Vezina, RH; Minor, FB.

Michigan's defense, punctured regularly by Northwestern's hard running backs, was primed to stop Illinois' widely-feared Claude (Buddy) Young and Julie Rykovich, whose "breakaway" threat is combined with Perry Moss' pass-pitching in a well-balanced Illinois "T" formation attack.

Illinois' big line, averaging 204 pounds a man, figured to hold a 17-pound drag in the weights.

The kickoff was set for 2 p. m. (Eastern Standard Time).

Probable lineups: Illinois Pos. Michigan Zatkoff LE Ford Kasap LT Hilken Prymuskus LG Tomasi Donoho C J. T. White Agase RG Kraeger Franks RT Pritula Owens RE Madar Moss QB Yerges Dufelmeier LH Derricotte Young RH P. White Steger FB Wiese

CRUCIAL BATTLE AT ANN ARBOR

Ann Arbor, Mich., Oct. 25 (AP)—Illinois and Michigan, high in the Big Nine football scramble, tangle here tomorrow in a Western Conference game rated "crucial" in the title hopes of both.

For the second time in three Saturdays, Michigan Stadium's 85,938 seats all will be filled for the 32nd renewal of a colorful series dominated for the last six years by the Wolverines.

Michigan, beaten only by Army and tied by Northwestern, was expected to rely heavily on its ground game in an effort to maintain its unbeaten status in the Big Nine, protecting its hopes of sweeping on to its first undisputed championship since 1933.

The Want Ads Never Speak, But There Are Hundreds Who Answer Them Every Day
